A *Partial Decree* was entered for the above-captioned irrigation water right on January 15, 1998. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on June 24, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 3, IDWR Basin 36, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. RE: Water Rights in Reporting Area 3, Basin 36
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources supplemental recommendations for your water right(s) in basin 36 (the area north of the Snake River from near Lake Walcott on the east to near Hagerman on the west). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area.

In response to the Idaho Supreme Court's decision in Basin-wide Issue 5 after most water rights in Basin 36 had been decreed, the SRBA Court requested me to file supplemental reports for Basin 36 regarding the period of use for irrigation water uses and general provisions applying to all water rights in Basin 36. The enclosed documents fulfill that request. The general provision enclosed is in addition to those already adopted by the Court.

Note you have just over 30 days in which to review the water rights of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Hailey, Arco, Jerome, Rupert, Gooding, and Shoshone and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed later this year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

Dear Mr. Brown:

In response to your November 16, 1993, letter regarding the water rights referenced above, our adjudication records have been modified to add MONY as Lienholder. We modified only those records listed in your Exhibit B for Mainline Ranches, Inc., although your letter referred to Idaho Ag, Inc., who has different rights.

Adding MONY as Lienholder in our records does not accomplish notice before the court in line with the court's Administrative Order No. 1, if this, too, is your objective. Although no objections were filed against these rights, the irrigation rights were recommended with provisions of the presumption statutes that the court ruled unconstitutional recently. You may want to subscribe to the Docket Sheet and/or IDWR's Status Report. Each is published monthly at a cost of \$7.50 and \$14.00, respectively, for a calendar-year subscription period.

Please direct any correspondence concerning adding or removing your lienholder interest to this section for prompt response. Since your letter was not date-stamped by our receptionist, I have had your enclosed copy date-stamped with today's date.

Please contact me if you have any questions or concerns.

Sincerely,
