Re: JoDean Moore Notice of Claim #87-4140

Dear Evan Roda:

On May 26, 2020 JoDean Moore received notification that IDWR records indicate that she may have an ownership in Water Right #87-4140 on her property. Ms. Moore was unaware that a claim existed on this water (a gravity fed pipeline from spring to a pumphouse for livestock) and a separate claim was submitted in August 2019 and assigned Water Right #87-11889. These two water right claims should be merged as they are the same source. How would the IDWR like to see these two claims consolidated?

At this time we are working on revising both claims submitted in August 2019 for the Palouse River Basin Adjunction on behalf of JoDean Moore (#87-11889 & #87-11890) and our office would like to reflect this correction of the two water right numbers assigned to one claim when we do so.

Please feel free to contact me with any questions or concerns.

Respectfully,

Susan R. Wilson
