RE: Confirmation of Response to Notice of Error and Change of Address
for Acequia Inc. & Estate of Rosemary Haley SRBA Claims.

Dear Mr. Speck:

This letter is intended to confirm my responses to your Notices of Error discussed in our October 7th meeting with Miles Clinton at my office.

Regarding your general concern about the season of use, the proposed recommendations are based on irrigation season of use standards adopted by the director for the various regions throughout the state. These standards are based on the period of the year in which there is less than a 75% chance of a 24 degree F. frost. Additionally, since there are some years in which water can be beneficially used for irrigation outside the irrigation season, the proposed Director's Report includes a general provision which provides for a conditioned irrigation use outside the general irrigation season.

Regarding your general concern about the language in the recommendations which talks about "right includes a change in point of diversion", the Department includes such language in rights where the proposed legal description for the point of diversion is different than the legal description of the base water right. This situation may exist if there has been a physical change in the point of diversion or if it has been determined that the base water right location was incorrect even if there has been no physical change in the point of diversion.

Regarding your concerns about disallowal of several of the rights, these rights were recommended for disallow because generally it was determined by field examination and information gathered from the ASCS that there was a period of 5 years of non-use for these rights or that the acres claimed irrigated consisted of lava out crops that have never been farmed.

I confirm that based on your change of ownership letter and the power of attorney documents submitted we have changed the address of Acequia Inc. and have added you as attorney for all claims in the name of Acequia Inc. Additionally we have changed the name of the Rosemary Haley claims to that of the Estate of Rosemary Haley and have changed

the address to that of Acequia Inc. and have also added you as attorney for all claims in the name of Rosemary Haley.

After our meeting and review of the files the following additional changes were made to the proposed recommendations:

Re: Acequia, Inc. - Estate of Rosemary Haley

Dear Dave:

Enclosed you will find Notices of Error for certain water rights claimed by Acequia, Inc. and the Estate of Rosemary Haley in the Snake River Basin Adjudication. I have also enclosed copies of the Special Powers of Attorney whereby Acequia, Inc. and the Estate of Rosemary Haley have designated me their attorney-in-fact to act in these matters. Please note that the address used by Acequia, Inc. in filing its claims should no longer be used. Instead, the corporation's new address is designated on the Notices of Error (P.O. Box 1678, Ketchum, Idaho 83340).

The period of use for all of my client's irrigation water rights has been changed from the traditional period of March 15 through November 15 to April 1 through October 31. Is this same change being made for every irrigation right in Basin 36? If so, why?

As I mentioned, Ms. Haley passed away in February, 1992 and her records are somewhat in a state of disarray. I have not yet been able to locate her copies of the claims filed in the Adjudication nor any notes or records on the claims based upon beneficial use. I know she worked closely with Gary Funderberg in the Southern Region on many of the water rights matters for Acequia, Inc. I would like to arrange a meeting with an appropriate representative of the Department to discuss the Notices of Error and hopefully resolve many of the questions before the Department must file the Basin 36 Report - I understand this deadline to be November 1, 1992.

DATE: MAY 29, 1996
AGENT: JEANIE ROBERTSON
RE: OWNERSHIP CHANGE

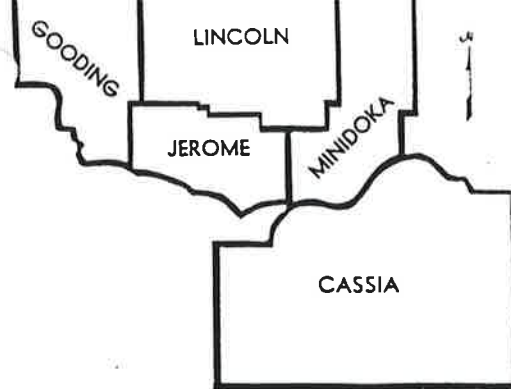

Received an ownership change form from Acequia to Rodney & Shirley Jentzsch and Joseph & Melynda Kearl for a portion of this right. This portion corresponded to the "Recommended" portion while Acequia retained ownership of the "Disallowed" portion. I split the "A" record into parts A (Acequia) and B (Jentzsch & Kearl), renumbered the "blank" or recommended record 36-02122 into part B (Jentzsch & Kearl), and created a part A (Acequia) to match the disallowed portion, at the suggestion of Deputy AG Brent King.

James Speck was Attorney of Record for Acequia and he told me to leave his name on the Jentzsch/Kearl claims for the time being.

INSTRUCTIONS FOR USE

This form is to be used to provide notice of a change in address of a party or to substitute a party whose water right was recommended in a director's report. *The filing of Standard Form 3 cannot result in a contested matter and a hearing will not be scheduled.* If completed as directed, the form will be accepted by the court and no further orders will issue. Standard Form 3 shall not operate to excuse compliance with the statutory requirements of I.C. § 42-1409(7) (1986) where a water right recommendation is not before the court.

This form has been adopted by the court in Re SRBA, Twin Falls County Case 39576, *SRBA Administrative Order 1 Rules of Procedure* (amended 6/21/93), Section 4Ac(3), which may be consulted for further information.

36-02124, 36-02190, 36-07193
ACEQUIA/JENTZSCH-KEARL

Dear Claimants:

Pursuant to notification that you presently own the property in which the above referenced Adjudication Claims are appurtenant, I have changed the Department's records of the current owner as you requested.

I have enclosed copies of the claims (A36-02123, A36-02124, A36-02190, and A36-07193) and also profile reports (36-02123, 36-02124, 36-02190, and 36-07193) which show how the rights have been recommended in the Director's Report. (The C owner code refers to the Current owner and the D refers to the owner at the time the Director's Report was issued.)

As you only purchased a portion of the property to which 36-02122 was appurtenant, I have split that original right into parts A and B. Your portion is known as A36-02122B, while Acequia retained A36-02122A. I have enclosed copies of this claim and a proof report (R36-02122B) for this right also.

Mr. Speck asked me to leave his name as Attorney of Record on your claims for the time being. If you decide to have his name removed or change to another attorney, please submit the enclosed Change in Attorney Form.

If you have any questions, feel free to call me at the office.

Sincerely,

Jeanie Robertson

II. STATEMENT OF THE RESPONSE

11. ☒ Remarks: I respond to the objection concerning the "remarks" listed with the water right.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection item 11 and all allegations of the objection regarding this item, IDWR responds as follows.

The claimant filed objections to IDWR's recommendation of disallowal of all of claim no. 36-02121 and a portion of claim no. 36-02122. The claimant seeks changes in the combined use remark of this right, to change the remark to reflect the changes sought in the objections to the recommendations of the other claims. In its responses, IDWR denies the objections to the recommendations of the other claims, and IDWR incorporates those responses herein by reference (see sub-case nos. 36-02121-0001 and 36-02122-0001.) However, if claim nos. 36-02121 and 36-02122 are determined by the court differently than recommended by IDWR, then the combined use remark in the description of this right right will need to be changed.

CHANGES TO THE DIRECTOR'S REPORT

The director proposes no changes to the description of this claim in the Director's Report.

RE: Confirmation of Response to Notice of Error and Change of Address
for Acequia Inc. & Estate of Rosemary Haley SRBA Claims.

Dear Mr. Speck:

This letter is intended to confirm my responses to your Notices of Error discussed in our October 7th meeting with Miles Clinton at my office.

Regarding your general concern about the season of use, the proposed recommendations are based on irrigation season of use standards adopted by the director for the various regions throughout the state. These standards are based on the period of the year in which there is less than a 75% chance of a 24 degree F. frost. Additionally, since there are some years in which water can be beneficially used for irrigation outside the irrigation season, the proposed Director's Report includes a general provision which provides for a conditioned irrigation use outside the general irrigation season.

Regarding your general concern about the language in the recommendations which talks about "right includes a change in point of diversion", the Department includes such language in rights where the proposed legal description for the point of diversion is different than the legal description of the base water right. This situation may exist if there has been a physical change in the point of diversion or if it has been determined that the base water right location was incorrect even if there has been no physical change in the point of diversion.

Regarding your concerns about disallowal of several of the rights, these rights were recommended for disallow because generally it was determined by field examination and information gathered from the ASCS that there was a period of 5 years of non-use for these rights or that the acres claimed irrigated consisted of lava out crops that have never been farmed.

I confirm that based on your change of ownership letter and the power of attorney documents submitted we have changed the address of Acequia Inc. and have added you as attorney for all claims in the name of Acequia Inc. Additionally we have changed the name of the Rosemary Haley claims to that of the Estate of Rosemary Haley and have changed

the address to that of Acequia Inc. and have also added you as attorney for all claims in the name of Rosemary Haley.
