SUBJECT: Ownership of Water Right Claim Number 87-10194

Dear Mr. Miller:

We have been advised that there may be an ownership change on Latah County Parcel Number RP40N06W122102 and water right referenced above.

When a change of ownership involving a water right occurs, a Notice of Change in Water Right Ownership form is required. I have enclosed a copy of this form for your convenience. If you are the new owner, please return the completed form along with the required support documentation to my attention; including:

A map of the parcel - please show where the well and place of usage is located.

Also, the claim indicates that the water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.

Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of water. The types of evidence which may be used include well drilling reports, taxlot data, a statement from someone who has first-hand knowledge of the water usage, etc.

Please return this information, to my attention, by **August 29, 2020**, as we're in the process of reviewing these claims for decree in the PRBA. Be sure to contact me if you have any questions. I can be reached at (208) 762-2802 or by email at [linda.werner@idwr.idaho.gov](mailto:linda.werner@idwr.idaho.gov).

Sincerely,

Linda A. Werner
