Hi Sandra: attached is the map with my notations indicating where the well is and indicating yes that all 5 parcels should be included as using water from the well. The only parcel that does not have a home on it is RP39N04W064325 which has 2 water outlets used for animals and livestock. If you have any questions please call me at (208) 882-7148.

Thanks,

Jerry L Leonard

Claim 87-7106

JERRY L LEONARD Parcels

Water Right License Place of Use
