Department of Water Resources

Dear Water Right Claimant(s):

The reverse side of this letter contains a copy of an *Order Amending Irrigation Period of Use Element in Partial Decree and Incorporating into Partial Decree An Express Statment Regarding General Provisions, Nunc Pro Tunc* (hereinafter "*Order*") for water right number 36-02259. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The Purpose of the *Order* is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the *Order*, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This *Order* also incorporates into the *Partial Decree* an express statement that the *Partial Decree* is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This *Order* in combination with the *Partial Decree* that was issued for this water right on January 15, 1998, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the *Partial Decree* to show evidence of the water right. The original of this *Order* and the original of the *Partial Decree* for this water right are on file with SRBA Court. If you do not have a copy of the original *Partial Decree*, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the *Order* is entered *Nunc Pro Tunc*, meaning that the *Order* will be treated as if it were issued the same date that the *Partial Decree* was originally issued.

Sincerely,

Diana Delaney

Water Right 36-02259

ORDER AMENDING IRRIGATION PERIOD OF USE ELEMENT
IN PARTIAL DECREE AND INCORPORATING INTO PARTIAL
DECREE AN EXPRESS STATEMENT REGARDING GENERAL
PROVISIONS, *NUNC PRO TUNC*

A *Partial Decree* was entered for the above-captioned irrigation water right on January 15, 1998. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, IDWR filed a *Supplemental Director's Report, Reporting Area 3, IDWR Basin 36, Regarding Revision of Period of use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this recommendation and the time period for filing objections has now expired.

THEREFORE, IT IS ORDERED that the period of use for the irrigation element of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-15 11-15

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court at a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify any subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

Water Right Nos. 36-02097, 36-10515, 36-02259,
36-02092, 36-10516 and 36-10517

Dear Mr. Brown:

In response to your November 16, 1993, letter regarding the water rights referenced above, our adjudication records have been modified to add MONY as Lienholder. We modified only those records listed in your Exhibit B for Mainline Ranches, Inc., although your letter referred to Idaho Ag, Inc., who has different rights.

Adding MONY as Lienholder in our records does not accomplish notice before the court in line with the court's Administrative Order No. 1, if this, too, is your objective. Although no objections were filed against these rights, the irrigation rights were recommended with provisions of the presumption statutes that the court ruled unconstitutional recently. You may want to subscribe to the Docket Sheet and/or IDWR's Status Report. Each is published monthly at a cost of \$7.50 and \$14.00, respectively, for a calendar-year subscription period.

Please direct any correspondence concerning adding or removing your lienholder interest to this section for prompt response. Since your letter was not date-stamped by our receptionist, I have had your enclosed copy date-stamped with today's date.

Please contact me if you have any questions or concerns.

Sincerely,

Donald V. Shaff

2. SUBJECT OF INQUIRY:

Mr Hunsaker wanted to review his notices of error reports on claims filed by his father, Ross Hunsaker, under his name and also under Mainline Ranches. He felt all their domestic claims were OK, but had questions on the combined claims and the permissible place of use claims - especially where acreages were reduced or diversion rates were reduced.

3. RESPONSE TO INQUIRY:

I reviewed his notices of error and pulled the file records for the claims involved and explained our policies and procedures for the CVR records and why any reductions made to the adjudication claims. He made notes to help his understanding of the records, thanked me for my explanations, and said he will review it with his father. He will probably send some notice of error cards to Boise on the change of periods of use and perhaps other changes.

Re: Permit No. G-24937
Baby Company

Baby Company
P. O. Box 2777
Boise, Idaho

ATTENTION: Alice E. Johnson

Dear Miss Johnson:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-24937 shows the wells located in the NE $\frac{1}{4}$ and SE $\frac{1}{4}$ of Section 7, Township 8 South, Range 26 East, R.M., and that they are capable of conveying 390 miner's inches (7.80 c.f.s.) of water for irrigation of 515 acres. The record of the permit shows the points of diversion to be in the SE $\frac{1}{4}$ and NE $\frac{1}{4}$ of Section 7. Therefore, it is necessary that the permit be amended to change the location of the points of diversion. We have enclosed the form "Application for Amendment" for this purpose and ask that you complete and return it.

Upon receipt of the amendment, mentioned above, and the total statutory fee of \$37.00, we will issue to the Baby Company the Certificate of Completion of Works (for which the fee is five dollars) and the License (thirty-two dollars—based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of May 14, 1954, to the use of 7.80 second foot of subterranean water with the points of diversion in the NE $\frac{1}{4}$ and SE $\frac{1}{4}$ of Section 7, for irrigation of 515 acres in the SW $\frac{1}{4}$ of Section 6; and the NE $\frac{1}{4}$, NW $\frac{1}{4}$, E $\frac{1}{2}$, SE $\frac{1}{4}$, SW $\frac{1}{4}$ of Section 7, Township 8 South, Range 26 East, R.M.
