RE: Palouse River Basin Adjudication (PRBA) Claim to a Water Right Number: 87-11544
Ownership and Location of Well and Place of Use

Dear Mr. Jenkins:

Enclosed is the claim, map and ownership change forms that we discussed in our phone conversation of Friday, August 14, 2020. I'm also including a copy of claim number 87-7149; the one for the 4 acres of irrigation.

I've enclosed two maps, keep one for your records and label the other with all the well locations and the water usages. Be sure to also outline where the 4 acres are irrigated as it appears from the map that there may be some land irrigated that's not listed on the license, specifically in the NW1/4NE1/4 (2)*, Section 1, T37N R5W. If that's the case, and if that irrigation began before January, 2006, you can add it to the claim as an accomplished change in place of use as long as there's no increase in quantity or acreage.

For claim 87-11544 for the domestic usage – that appears to be in the NW1/4NE1/4(2)*.

*The numbers in parenthesis stand for government lot numbers.

To make any amendments to the claim(s), simply cross out the old information and add in the new. Be sure to initial and date each change made, and re-sign the claim on the back.

I would appreciate it if you would return this information, to my attention, by **September 14, 2020**. If you have any questions regarding this matter, please call me at 208-762-2802, or email to linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
