RE: Snake River Basin Adjudication
Claim #A37-12974 - Gooding County

Dear Ms. Kuracina and Mr. Sinkinson:

Your Notice of Claim to a Water Right filed for your property in Valley County has been partially accepted. Attached is a data entered copy of your claim and your receipt #C005973 in the amount of \$324.00. We have noted some problems with your claim which we would like you to correct.

The correct fee for this claim and the subscription for the Court Docket Sheet is \$866.50. The fees are assessed as follows:

Flat Fee -	\$ 50.00
Irrigation - (\$1/acre)	\$ 34.00
Fire - Exempt	
Recreation - (\$100/cfs)	\$250.00
Aesthetics - (\$100/cfs)	\$250.00
Fish Propa. - (\$10/cfs)	\$ 25.00
Wildlife - (\$100/cfs)	\$250.00
Domestic - exclusion	
Docket Subscription	\$ 7.50
TOTAL	\$866.50

As you have paid \$324.00, the balance due is \$542.50.

If, however, a claimant, other than a public agency, lists wildlife, recreation, or aesthetic purposes of use at Item #9 as incidental uses to the uses shown in Item #6, then he or she will be assessed a variable fee(s) for the uses shown in Item #6.

In Items #7 and #14, you claim a Total Quantity Appropriated which exceeds that of the Decreed Rights. The amount in excess of the Decreed Rights will almost certainly be reduced to those established by Decree. You may file a claim for the additional water beyond the decree, if the diversion and beneficial use occurred before May 20, 1971. Otherwise, you can and should make an Application for Permit for the additional amounts appropriated. An Application for Permit and Instructions are attached.

Please return the documents to this office to the attention of Bruce Schuld. If you will pay the additional fees and submit the second claim, if you choose to do so, before May 17, 1989, you will not be assessed a late filing fee. Please do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

RE: Claim No. A37-12974

Dear Don:

We herewith file Claim No. A37-12974, Gooding County, for Ms. Kuracina and Mr. Sinkinson at the Southern Region Office here in Twin Falls. The deadline established in your April 17, 1989, letter was May 17, 1989. We understand this will be forwarded to you.

As you will remember from our phone conversation of May 15, the circumstances surrounding the amounts of water in this usage are unique. We acknowledge your comments of April 17, 1989, regarding the Decree amount as referenced in your letter. However, it is our intention to attempt to substantiate the amount claimed at a later point in the process, it being acknowledged that it is larger than the decreed amount. We feel that proof will show the circumstances justify the amount claimed.

We have amended the listing of the usages and the amount for the claim and submit for your review subject to the Department's memo regarding Multiple Use Claims as cited. Please note the revised fees and let us know at once if you need additional information to complete the entering of this claim.

Respectfully,

John A. Rosholt

DATE: May 16, 1989

FILE: Claim #A37-12974
Moral J. Kuracina and Craig Allan Sinkinson

NAME OF PARTY: Frank Hitchcock

EMPLOYEE: Don Shaff

As a follow-up to correspondence to Ms. Moral J. Kuracina and Mr. Craig Allan Sinkinson relative to Gooding County property and claim #A37-12974.

Mr. Hitchcock called this morning to discuss the procedure for filing the claim outlined in the letter of April 17, 1989. He relayed some alleged facts that would indicate a beneficial use claim could be filed for the additional water. He and I only passingly discussed other uses. As a safeguard I suggested that the client may want to file an Application For Permit in case the client is not successful in overturning the earlier decreed amount based on the alleged facts.

Kuracina and Sinkinson apparently retained Nelson, Rosholt as attorneys for this matter.

Township 6 South, Range 13 East of the Boise Meridian.

Section 27: That part of the SE $\frac{1}{4}$ NW $\frac{1}{4}$, lying West of the State Highway, and

That part of the SW $\frac{1}{4}$ NW $\frac{1}{4}$ described as follows:

Beginning at a point which bears South 23°35' East for a distance of 1855 feet more or less from the Northwest corner of Section 27;

thence South 35°40' East 218 feet more or less;

thence North 0°07' West 1113 feet along the East boundary of said SW $\frac{1}{4}$ NW $\frac{1}{4}$;

thence South 73°45' West 602 feet more or less to the point of beginning.

2. Defendants Norman Standal and Anita J. Standal, husband and wife.

(A) Defendants Standal are herein decreed, with a priority inferior to 1914 and inferior to the rights of the parties above delineated, waters flowing from Stoddard Creek Spring in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 27, Township 6 South, Range 13 East, Boise Meridian, Gooding County, which is the remainder of said water of the spring not previously allocated in paragraph 1 and its subparts above. Since the system of plaintiffs will only convey 3.5 cubic feet per second, and since a priority to 3.5 c/f/s has been decreed for plaintiffs'

beneficial uses above during the irrigation season of March 15th to November 1st, defendants will be entitled to divert only in the non-irrigation season of November 1st to March 15th, the amount of water over and above the 2.32 c/f/s priority right decreed to plaintiffs for non-irrigation season uses above. The waters are herein declared to be beneficially used by Standals for power, fish culture, and irrigation, and appurtenant to the property hereinafter specifically described:

Township 6 South, Range 13 East of the Boise Meridian, Gooding County, Idaho

Section 27: That portion of the NW $\frac{1}{4}$ NW $\frac{1}{4}$ lying southwest of the old Bliss Highway.

Section 28: Lots 1, 2 and 3.

(B) If Norman Standal and Anita J. Standal wish to divert such additional amounts of water referred to in paragraph 2(A) at the overflow of the headworks from Stoddard Spring Creek constructed by the plaintiffs' predecessors, (which said current diversion works are adequate,) Standal shall, at his own expense, install more efficient works at the division box on Harrison's property, including flow meters to measure at such points where measurements would be required to conform to this decree, but only if such proposed works are approved by all of the plaintiffs, provided that such consent not be unreasonably withheld by the plaintiffs.

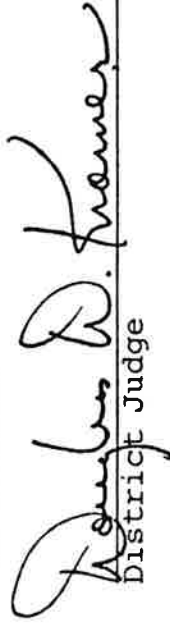

3. If defendant does proceed to obtain the necessary permissions and the division box is altered to facilitate the non-irrigation season diversion of defendant of up to 1.18 c/f/s, such changes shall only be effected by a duly appointed

1 watermaster of the State of Idaho to assure plaintiffs'
2 diversions as hereinabove set out, and the parties shall share
3 proportionately in the cost of the watermaster.

4 4. It is decreed that real property in the Hagerman
5 Valley with live streams flowing thereon is more valuable than
6 real property without such water. The highest and best use of
7 the real property and the water in the Hagerman Valley is for
8 domestic and aesthetic purposes as subdivisions or building
9 sites and those uses are herein declared beneficial.

10 5. The parties shall hereafter share operation and
11 maintenance costs of the Stoddard Spring Creek diversion works
12 in proportion to the amounts of water diverted therefrom by
13 each.

14 DONE this 15 day of Nov., 1979.

Crystal,

Here are copies of two maps
in the file (they don't exactly
match!) I've also printed off
2 GIS maps, one with an
attempt to follow the map
Frank submitted (red & yellow.)
It really doesn't attempt to
outline "irrigated" acres.
Good luck!

Jennie
