RE: NOTICE OF CLAIM NO[S]: A36-02396 and A36-02679

Dear Counselor:

As part of the Snake River Basin Adjudication process, we are currently reviewing Notice(s) of Claim to a Water Right filed by your client, Bonnie Ingram. The pertinent claim numbers are listed above. In order to complete our review, we need you to provide us with additional information.

Our initial investigation of these claims indicates that there have been changes in the places of use as follows:

Claim No.	Original Place of Use	Claimed Place of Use
A36-02396	8S 23E Sec 6 NW SE 40 SW SE 34	8S 23E Sec 6 NW SE 30 SW SE 30 NE SE 35 SE SE 40
A36-02679	8S 23E Sec 6 NE SE 10 SE SE 40 Sec 5 SW NW 25	8S 23E Sec 6 NW SE 30 SW SE 30 NE SE 35 SE SE 40

Water right owners who have made changes in the use of their rights prior to November 19, 1987 may claim the changes in the Snake River Basin Adjudication. IDWR may recommend the right as changed, however, only if the change meets certain requirements.

Before your client's change can be recommended, you must provide us with the date the change was made and submit some evidence tending to support that date. If the change was prior to November 19, 1987, then you must include the month, day and year. If the change occurred after November 19, 1987, then a specific date is not necessary and you need only support that the change occurred after November 19, 1987. An information sheet is enclosed that describes the types of evidence that can be submitted to support the date of change.

Providing IDWR with a copy of your client's irrigation system design plans may be one way to help us verify the new place of use. The date on those plans might also be one source of documentation to support the date of change.

A field examination may also be necessary to verify some aspects of your client's water use. If a field examination is necessary, IDWR will attempt to contact you in May or June to schedule an appointment with someone who can accompany our agent during the exam.

Your response must be received by the date noted above. If no response is received, your claim to water for the new places of use will not be recommended to be decreed.

Thank you for your cooperation. If you have any questions or feel that you need help in any way, please contact me at 327-7934.

Sincerely,

Shelley Walter Keen

RE: Water Rights in Reporting Area 3, Basin 36
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources supplemental recommendations for your water right(s) in basin 36 (the area north of the Snake River from near Lake Walcott on the east to near Hagerman on the west). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area.

In response to the Idaho Supreme Court's decision in Basin-wide Issue 5 after most water rights in Basin 36 had been decreed, the SRBA Court requested me to file supplemental reports for Basin 36 regarding the period of use for irrigation water uses and general provisions applying to all water rights in Basin 36. The enclosed documents fulfill that request. The general provision enclosed is in addition to those already adopted by the Court.

Note you have just over 30 days in which to review the water rights of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Hailey, Arco, Jerome, Rupert, Gooding, and Shoshone and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed later this year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

REMARKS:

ASCS field measurements recorded on aerial photography show 134.7 acres for these for $\frac{1}{4}\frac{1}{4}$ s.
(5.4 + 6.8 + 122.5 = 134.7) My examination of the ASCS photo (with support from NAPP photography) revealed
acreage distribution as recorded above.

Recommend permissible place of use - 74 acres of 135 listed above. Can't recommend
more than 74 acre without expansion claim.

CLAIMANT'S NAME: Bonnie Ingram; Ralph Ingram DATE: 10-24-91
COUNTY: Minidoka
EMPLOYEE: S.W. Keen

I called Mark Ingram, attorney, to discuss the claims by his mother, Bonnie Ingram, and his brother, Ralph Ingram. He told me:

- ① Originally Harold Ingram, his father, ^(Mark) ~~he~~ owned the land covered by these three claims, along with some other land. Ralph Ingram bought his share in the 1970s.
- ② The 25 acres in section 5 covered by license 36-2679 never was irrigated from the well shown as the p.o.d. for ~~36-2679~~ 36-02679.
- ③ One sprinkler irrigation system covers the land claimed by Bonnie Ingram under A36-02396 and A36-02679.
- ④ A36-02396 + A36-02679 do not overlap A+B Irrig. Dist.
- ⑤ A36-02396 + A36-02679 are from the same well.
- ⑥ The pump for the well in ⑤ is still the original (which implies that capacity has not increased).
