RUPERT, ID 83350

Department of Water Resources

Dear Water Right Claimant(s):

The reverse side of this letter contains a copy of an **Order Amending Irrigation Period of Use Element in Partial Decree and Incorporating into Partial Decree An Express Statment Regarding General Provisions, Nunc Pro Tunc** (hereinafter "**Order**") for water right number 36-02452A. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The Purpose of the **Order** is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the **Order**, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This **Order** also incorporates into the **Partial Decree** an express statement that the **Partial Decree** is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This **Order** in combination with the **Partial Decree** that was issued for this water right on December 29, 1997, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the **Partial Decree** to show evidence of the water right. The original of this **Order** and the original of the **Partial Decree** for this water right are on file with SRBA Court. If you do not have a copy of the original **Partial Decree**, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the **Order** is entered **Nunc Pro Tunc**, meaning that the **Order** will be treated as if it were issued the same date that the **Partial Decree** was originally issued.

Sincerely,

Diana Delaney
Case Administrator

Water Right 36-02452A

ORDER AMENDING IRRIGATION PERIOD OF USE ELEMENT
IN PARTIAL DECREE AND INCORPORATING INTO PARTIAL
DECREE AN EXPRESS STATEMENT REGARDING GENERAL
PROVISIONS, *NUNC PRO TUNC*

A *Partial Decree* was entered for the above-captioned irrigation water right on December 29, 1997. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, IDWR filed a *Supplemental Director's Report, Reporting Area 3, IDWR Basin 36, Regarding Revision of Period of use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this recommendation and the time period for filing objections has now expired.

THEREFORE, IT IS ORDERED that the period of use for the irrigation element of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 04-01 10-31

THE USE OF WATER FOR IRRIGATION UNDER THIS RIGHT MAY BEGIN AS EARLY AS MARCH 15 AND MAY CONTINUE TO AS LATE AS NOVEMBER 15, PROVIDED OTHER ELEMENTS OF THE RIGHT ARE NOT EXCEEDED. THE USE OF WATER BEFORE APRIL 1 AND AFTER OCTOBER 31 UNDER THIS REMARK IS SUBORDINATE TO ALL WATER RIGHTS HAVING NO SUBORDINATED EARLY OR LATE IRRIGATION USE AND A PRIORITY DATE EARLIER THAN THE DATE A PARTIAL DECREE IS ENTERED FOR THIS RIGHT.***

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court at a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify any subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

Change of Address

Dear Claimant:

Thank you for responding so quickly to our change of address letter regarding the water rights referenced above. Our records have been changed accordingly. Adjudication Profile Reports are enclosed for your records.

If there has been a change in ownership of any of the properties connected with the Notices of Claim or decreed water rights referenced above, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the water right records.

I have enclosed water right #36-10179 and an informational pamphlet for your records. This is the returned piece of mail which prompted my letter to you this spring.

Sincerely,

Sally Sherman

Change of Address

Dear Water Right Holder:

I called your office this morning and was told your address has changed. Although we have reached you at the address above, we need your written confirmation this is your correct mailing address before we can change our records. Future notices related to your water rights and adjudication claims can be sent only to the address on your water rights and claims or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to this office. Make corrections to your name and address if necessary before returning this letter. Thank you for your help.

I understand there has been a change in ownership of five of your irrigation rights. This change is being handled by our office in Twin Falls. I have conveyed your new address to Twin Falls so any communication they send you concerning this ownership change will be sent to the above address.

Sincerely,

Sally Sherman

THIS IS AN IMPORTANT LEGAL NOTICE CONCERNING YOUR WATER RIGHT CLAIMS IN THE SNAKE RIVER BASIN ADJUDICATION

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA	)	Case No. 39576
	)	NOTICE OF FILING AMENDED DIRECTOR'S
	)	FOR REPORTING AREAS 1, 2, AND 3
_____	)	(BASINS 34, 57 AND 36)

TO: ALL CLAIMANTS OF RIGHTS TO THE USE OF WATER IN REPORTING AREAS 1, 2 AND 3
(BASINS 34, 57 AND 36)

The Idaho Department of Water Resources has filed Amended Director's Reports for Reporting Areas 1, 2, and 3 (Basins 34, 57, and 36, also known as the test basins) with the SRBA District Court. One of the purposes of the Amended Reports is to conform the director's reports to the requirements of the adjudication statute, Title 42, chapter 14, Idaho Code, which was amended in 1994.

The Amended Reports amend the "preamble" to the director's reports, which include "general provisions." The general provisions apply to all water rights or certain classes of water rights, and are recommended to be included in the court's decree of water rights. The amendments significantly reduce the general provisions, and include some changes in the text of the remaining general provisions. The remainder of the preamble consists of explanatory material. The Amended Reports do not change the list of water rights in the report. IDWR will file amended reports at a later date that revise the list of water rights in the reports.

The SRBA District Court has entered an order granting the amendments to the Director's Report for Basin 57 in part. The order further provides that no additional objections to the remaining general provisions in the Basin 57 report will be allowed. The court has entered an order setting a hearing on the Amended Reports for Basins 34 and 36 on January 16, 1996, at 1:30 p.m., at the SRBA Courthouse. **The order provides that any party opposing the amendments to the report shall file with the court a notice and brief in opposition by 5:00 p.m. January 8, 1996;** any party wishing to file a response to the objections shall file their briefs prior to 5:00 p.m., January 15, 1996.

Some claimants have filed a motion asking the court to designate the general provisions as "Basin Wide Issue No. 5" for determination by the court. The court has entered an order designating the general provisions in Basin 57 as Basin Wide Issue No. 5. (One of the general provisions, concerning the Reynolds Creek Decree, was referred to the special master for Basin 57.) A hearing on the designation of general provisions in Basins 34 and 36 as part of Basin Wide Issue No. 5 will be held January 16, 1996, at 1:30 p.m. at the SRBA Courthouse.

D. PERIOD OF USE:

RECOMMEND AS CLAIMED?

Y() N()

RECOMMEND TO WR STANDARDS OR OTHER?

Y() N() Explain in remarks, below.

REMARKS:

$$A36 - 2452A = \frac{200}{288} \times \frac{X}{4.63} = 3.22 \text{ CFS}$$

$$A36 - 2452B = \frac{88}{288} \times \frac{X}{4.63} = 1.41$$

4.63 CFS

Proportionate split based upon a cre per claim. 36-2452A's split based upon 200 licensed acres. ~~with the~~ the claim is based upon 196 acres (or a forfeiture of 4 acres) CFS.

$3.21/196 = 0.01637 \text{ CFS/acre}$
the reduced acres are still within the 1" per acre legal limit therefore OK as claimed.

CLAIMS A36-2205 INIT KKC

A36-2452A
A36-7788A

DT.&ID. AA-77 1978 FLIGHT

P/D #3

P/D #2

Claims: A36-2205, A36-2452A, & A36-7788A

System analysis.

The system is three P/Ds tied into a common delivery system supplying water to 889 acres (the permissible P/U).

Both A36-2205 and A36-2452A require condition code CØ3 (change in P/D). A36-2205, because one P/D was not on the license and A36-2452A because this represents a split right with the original P/D staying with the B portion and these 3 P/Ds now servicing acres claimed under the A portion.

The system total diversion rate is 13.45 CFS based upon the licensing field exam for A36-7788A. as the three claims total greater than this rate a capacity limiter is required in Remark code EØ3.

P/U analysis.

Assuming no recorded transfers, the total licensed ^{on claims} acres of the three Claims (1132) is greater than the found P/U of 889 acres. Therefore I am recommending the P P/U with each right conditioned as to its specific right limitations (see Remark worksheet for recommendation data.

(see also the attached land list for PPU)
