RE: Change in Point of Diversion and Place of Use
Claim number 87-11487

Dear Claimants:

The Idaho Department of Water Resources (IDWR) is in the process of reviewing claims filed in the Palouse River Basin Adjudication. During a review of your In-Stream Stockwater Claim 87-11487, I found a discrepancy in the beginning Point of Diversion (POD), on the map included with your claim vs. the legal description listed on the claim. The beginning POD appears to be located in quarter-quarter SENW, whereas your claim lists the beginning POD in quarter-quarter NENW. (See map identifying the locations). Changing the Point of Diversion also changes the Place of Use, adding the additional quarter-quarter section of Ruby Creek.

Before I can correct the legal descriptions, I will need you to authorize the changes. Please review the changes (listed in yellow on the form). If you approve, sign and return the form using the envelope included with this letter **by October 5, 2020**. There is no additional charge for these changes.

If you have any questions, please contact me at (208) 287-4872 and reference Claim # 87-11487.

Sincerely,

Glen Gardiner
