Subject: FW: Alvin Yanits Map

Bosco,

I e-mailed Melanie about that map and her response is below.

I can't find it and I really can't spend a lot more time looking for it. I have checked all Renwick files, Yantis files (even the ones in different areas), all Nielsen's files. In addition, I have looked at the scanned documents and can't find it scanned in there.

The odd thing is after talking to you today and looking through all these files, I know I have seen that map. It seems like you were showing it to me and we were looking at it in the conference room at one of our old bi-weekly meetings. I don't know if we were looking at a copy or the original.

Anyway, I also checked Dan's office as he hoards maps and it wasn't in there. I don't know where to look.

If you have a lead, or Alvin does, I will follow the lead and look for it. But for now I am at a loss.

Craig

Subject: RE: Alvin Yanits Map

Hmmm...wow, I am going to have to think about it. Off the top of my head, I am positive I gave it back to him. I recall making the copy and going back to his house to return it, I think. it was a long time ago, but I remember always being really nervous about getting things returned to people if they lent them for copying. When I cleaned out all of my IDWR stuff I didn't have anything "left over" that needed to be returned. I vaguely recall what the map looked like, and think there was also a page or so of rights and dates with it. Is there a copy in the Yantis file that you might be able to send me a scanned version of? I really do think I took it back. Sorry about this; I wonder if he wouldn't mind looking over his stuff again to see if it is there? I may have handed it to his son or something but think I gave to to Alvin.

1) Picked oldest priority date of decreed right. Can't do, if combining, then have to pick most Jr. Priority date of 6-1-1889
2) Sum of all 4 decreed rights is less than Stat claim which says it is a combination of 4 decreed rights. He overclaimed CFS
3) I don't know what this is. I didn't research it.

Result: Claim 67-4102 should be treated as any other statutory claim. He has claims for 2.51 cfs from decreed rights. If he uses more water than that, he needs to provided evidence that > 2.51cfs is being used and when it commenced (after May 10, 1918), unless he can show that he has other decreed rights. SRBA claim also lists 67-00313 as part of 67-4102 but it is owned by someone else. We need to find out what is going on with that. But in general, treat 67-4102 as a flood or high water right. But even if he does use 67-313, he still doesn't have 5 cfs of decreed water.

STATE OF IDAHO

DEPARTMENT OF WATER RESOURCES

Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. **The filing of this claim does not confirm the water right but will serve for information purposes only.** It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that James A. Renwick (name of claimant)

of Council, Idaho Box 514 83612 (mailing address), claims a right to the diversion and beneficial use of the public water of the State of Idaho

The extent and nature of said claim is as follows:

(1) Describe source of water: (name of stream, lake, spring, etc., or ground water) Cottonwood Creek, tributary to, Weiser River

(2) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

Amount	5C.F.S.	Use	Irri.	Period of Use:	From	4/1	To 10/31
Amount		Use		Period of Use:	From		To
Amount		Use		Period of Use:	From		To
	(cfs, gpm or a/f)		(dom., irri., stock, etc.)				(both dates inclusive)

(3) Total quantity of water claimed: five (5) cubic feet per second, or _____ acre feet per annum, and/or _____ gallons per minute.

(4) Priority claimed: (the date water was first applied to beneficial use) 1cfs 9/6/84, 1.4cfs 6/1/87, .6cfs 6/1/88, 2cfs 6/1/89

A claim is not acceptable on a ground-water source with a priority later than March 25, 1963 or on a surface-water source with a priority later than May 20, 1971. An exception to this rule is that a claim may be filed on domestic use from a ground-water source.

(5) A) Point of diversion: (give location of point where water is diverted from its source)
