Subject: Snake River Basin Adjudication Claims, Wesley Monson, 36-02587
and 36-04264 and Application 36-08172

Dear Mr. Jones:

By this letter, I confirm that I am acting under authority delegated to me and as an agent of the United States, Department of Interior (DOI), Bureau of Reclamation (Reclamation), with myself for the water right matters contained in this letter.

It has been brought to our attention that Wesley Monson wishes to transfer his water under right license 36-02587, 36-04264, and application 36-08172 from federal public property to private property. The legal descriptions where the water rights are currently located on federal property are:

T 08 S R 22 E Sec 24 NWSE	2 acres
T 08 S R 22 E Sec 24 SWSE	<u>5 acres</u>
7 acres TOTAL	

We understand that the Idaho Department of Water Resources (IDWR) cannot transfer the water rights appurtenant to the above described property without the notarized consent of the United States DOI/BOR as landowner. Therefore, my notarized signature below both confirms that we have no objection to the transfer of the water rights appurtenant to these federal lands and provides the necessary consent to facilitate the transfer. However, my signature and the permission given to Mr. Monson to transfer these water rights does not represent any recognition by the United States of the claimed water right elements nor their validity. We understand that the transfer of these water rights will result in the discontinued used of water for these federal lands.

Wesley Monson

If there are questions regarding any statements in this letter, please do not hesitate to contact me at 678-0461, extension 23 or at the address provided above.

Sincerely,

REASONS SUPPORTING EACH BOX CHECKED

In the space following you must state the reason(s) by number for each box checked. You may use additional pages if necessary.

Box 9 and 11 - Claimant has failed to assert government ownership of certain parcels of land in place of use as required under I.C. 42-101, 42-103, and Item No. 12 of the Notice of Claim to A Water Right Acquired Under State Law.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

The Director's Report should be changed to reflect government ownership of place of use T08S R22E S24 NWSE (2 acres) and SWSE (5 acres). Claimant has authority to use this parcel based on a pending, short-term agricultural agreement with the Idaho Department of Fish and Game under the North Side Extension Project with United States of America, Bureau of Reclamation.

Please note: You should attach copies of documents which support your objection. Note on each document the "box number" it supports.

☒ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary.

Monson, Wesley & Mabel
Claims # A36-02587 and # A36-04264

The system has one P.D. for both claims. In addition to the two claims filed, an application for permit was filed on the same lands in 1983. It was approved in 1989 and examined by Jim Stanton ~~in~~ in 1990. It also has the same P.D. and pump system.

The acreages found by Stanton's field examination will be applied to Adj claim # A36-04264 as recommended acres. They include 7 acres being irrigated on Public land in the SE $\frac{1}{4}$ of section 24. These 159 acres will be recommended as the irrigated acres in adj. claim A36-04264.

The two claims total 462 irrigated acres.
