MEMORANDUM

TO: Files 36-02600 & 36-07435

FROM: Pam Skaggs^{OS}/State Office

SUBJECT: Transfer 4855

DATE: July 12, 1999

Transfer 4855 changes the point of diversion and place of use under a portion of Rights 36-02600 and 36-07435, splitting each right into Parts A and B. The transfer was protested and an agreement reached among the parties.

This transfer is an effort to legalize irrigation of 38.2 acres that have been developed in excess of Right 36-07108. The applicant has acquired portions of these rights through a temporary water right transfer agreement effective until the end of the 2002 irrigation season. The rights will then automatically return to their original use prior to the transfer, unless a new agreement has been filed with the department authorizing continued use by the applicant.

Recent SRBA recommendations of these transferred rights identify two other rights used on the same common system, 36-07046 and 36-11412. Conditions have been recommended by region staff to address the reduction in irrigation under all four (4) rights associated with the 38.2 acres removed from irrigation use.

Recommended conditions include protest agreement, measuring & annual reporting, irrigation overlap, permissible place of use limits, combined right limits of both the transferred and unchanged portions of these rights, specific acres removed from irrigation, temporary approval term and standard transfer conditions.

Change of Address

Dear Claimants,

IDWR has been notified the address presently in our claim records is incorrect. Although we have reached you at the address above, we need you to confirm this is your correct mailing address. Future notices related to your SRBA claim can be sent only to the address on your claim or as otherwise changed by you. If the address above is correct, please sign your name at the bottom of this letter, and return it to this office. Otherwise, please make the proper corrections, sign, and return this letter. That action will suffice to provide adequate notice to IDWR but not to the SRBA court. SRBA Judge Hurlbutt issued an Amended Order March 22, 1995 requiring claimants like yourself identified in a Director's Report to use Standard Form 3 for change of address or ownership. We have enclosed Standard Form 3 for your use. Please contact this office (800/451-4129) or the Court (208/736-3011) if you have any questions.

Thank you for your help. We hope to assure you receive future notices about SRBA matters.

Sincerely,

I finally reached him on his mobile phone -
I asked him about the mainline and he confirmed
the previous conversation with Rex O. on memo 6-11-92.
3 wells tied - 2 separate.

He didn't remember changing the HP on the well in S14
but agrees it is a 300HP / with no change in acres
irrigated. (see A36-2669)

When asked if the well in middle of S.13 still produces
6.55 cfs as licensed, he said no it didn't. He needs
some work done on the well to bring up the flow.

(this is near a well that went dry 1/2 mi east of here)
* No since trying to measure this well in a drought season
when production is down.

(JERRY GILLETTE) REX OSTERHOUT (employee)

I tried to contact Jerry Gillette but was unable to get in touch this day.

I Drove to the shop area on 750 W. and found Rex Osterhout, an employee. I asked him if he knew of the underground mainline system. He explained the 2 wells in S. 13 and the 1 in S. 12 were tied but all the others were separate. We looked at the map in the file and he confirmed these same wells.

I questioned the use of A36-7046 on tract NENE, S. 14 and he told me that is correct, they run the mainline straight west from the pump.

I left a card & a message to pass on to Jerry Gillette.

Paul, Idaho 83347

Dear Mr. Gillette:

A representative from this department made an examination of your works
covered by permit 36-2600. The works were found capable of producing
6.55 c.f.s. of which 6.55 c.f.s. can be recognized as beneficially
used and licensed under Idaho law. The water is used for irrigation of 472
acres within E1/4, E1/2, E3/4 Sec. 13, T. 8 S., R. 22 E., B. 1 N.

If you disagree with the findings, please advise within 10 days. Otherwise a
license will be issued showing the findings as set forth in this letter.
