RE: Change in Ownership of Decreed Water Right 36-02604

Dear Mr. & Mrs. Maestas:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

✓ **Signature:** Signatures of both parties are required when "and" is used as the name connector. (Ownership change form is enclosed)

✓ **Evidence of Water Right Ownership:** copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question.

The Deed of Trust is not signed by the sellers of the property and therefore is not considered proof of ownership. We are returning it for your records. Please furnish our office with a copy of a Warranty Deed, Title Policy, Contract of Sale or other legal document showing your ownership of the property. We will be happy to complete the processing of your request upon receipt of the required documentation.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within **30 days** we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

Please feel free to contact the Department if you have any questions.

Sincerely,

COO HELP

He had already made the COO with the WR staff and received a letter from Sally to submit the info again. I relied on the success he had with WR and made the necessary changes to AJ. We discussed the process of the SRBA and how it relates to his new water right. Also discussed the conjunctive management issues for the area. Will forward this info to Sally to see if the court needs an NCAP.
