Subject: Notice of Claim to a Water Right 87-10150

Hi Mr. Anderson,

By now, you should have received a letter from us advising you that we've completed the ownership change on the above water right, and sent along a copy of the claim as it was filed.

If you recall, June, 2020 was when I sent you the original letter asking if you had purchased the property from James Abdallah.

I enclosed with the letter a copy of the water right claim, and mentioned that the claim had been filed with an incorrect legal description of the well diversion and the place of use, and sent along a map for you to review.

Well, we've got the ownership information all taken care of, but would you please make the requested changes to the claim relating to the correct well and place of use descriptions, and return the claim to me? Please send it to my attention at the address shown below, with the necessary amendments and signature. If you need another copy of this information please let me know.

I'm in the process of completing this claim for recommendation for court decree so would appreciate it if you would return it to me by September 15, 2020.

Be sure to contact me if you have any questions.

Thank you,

Linda A. Werner
