Comments:

1. kwalker 1/10/2007 NOE

Comment: Notice of Error was submitted stating there were not enough acres recommended. In review of aerial photos for 1964, 1987, 1992 and 2004 it is hard to say where the actual irrigation is occurring. The lot is 6.4 acres in size, the river runs through the eastern portion of the lot and remainder of lot appears to have lots of trees on it and I cannot see if land under trees is irrigated. Original claim submitted by Scofield was for the irrigation of 1.25 acres which is what Shelly found during his review of this file. When Rothschild and Schweitzer purchased the property they amended the claim to 6.4 acres which would cover the entire lot. It also appears that the lot has changed ownership again - tax lot information shows Bouttier now owns the lot and he is the person who submitted NOE. I am not recommending any changes to the preliminary recommendation due to all of the above history of this claim. If objection is filed then a field examination should be conducted to verify irrigated acreage.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

I disagree with the amount of acreage under irrigation.

2. Describe the changes you wish to make in the proposed recommendation:

I would like the amount of acreage increased to 6.4 acres.

3. Give a brief explanation as to why you disagree with these portions: *The neighbor Richard Gouley, who owned lots 2 & 3 of the Scofield subdivision, which borders lot 1 (my 6.4 acres) witnessed Lyle Scofield irrigating the 6.4 acres in 1977. A letter from Richard Gouley is inclosed.*

☐ I AGREE with this proposed recommendation: no changes need to be made.

Dear Shelley Keen,

I, Richard Gouley, purchased the fifteen acres (lots 2 & 3) south of lot 1 of the Scofield subdivision, in 1977, which was owned by Lyle Scofield. Lot 1 was about 6.4 acres, which Lyle Scofield was irrigating with 2 irrigation wells. One was a culvert well in the ground on the property line between lots 1 & 2. The other pump was pumping water out of the Broadford Slough. It was a 6 cylinder diesel powered pump. Lyle Scofield used a combination of flood irrigation and hand lines to irrigate the acreage.

Robert Bouttier irrigated the property for Lyle Scofield in the mid-1980s, when he was too old to do the work himself.

Sincerely,

A handwritten signature in dark ink, appearing to be 'R. Gouley', with a long horizontal flourish extending to the right.

37-834 Claim Review

S. Keen

12/11/2006

- Watermaster List shows Robert Bouthier, 37-834, 6/1/1883, 10 inches.
- Right is not over-claimed.
- Transfer 2554 authorized 0.20 cfs for 1.25 acres in 1981. Claim is for 6.4 acres.
- POU Comparison - Woodcock + Drier rights are on other lots
- Irrigated Area - Entire lot is 6.4 acres, much of it either wooded or river bottom. Another smaller stream channel meanders through the western part of the parcel. The irrigated area appears to be about 1.2 acres, or very ~~close~~ close to the number on Transfer 2554.

Source - Transfer said Bradford Slough. IDWR is recommending all Bradford Slough diversions as Big Wood River.

Dear Claimant in the Snake River Basin Adjudication (SRBA):

You or the predecessor in interest of your property filed a "Notice of Claim to a Water Right in the Snake River Basin Adjudication" with the Idaho Department of Water Resources. Claim filing began in 1988, and since that time IDWR has worked to complete recommendations throughout the state. Now the investigation of "Irrigation and Other State Based Claims" is about to begin in the area where your claim(s) were filed, IDWR's administrative Basin 37. As shown in the enclosed map, this basin includes parts of Blaine, Camas, Elmore, Gooding and Lincoln counties and is subdivided into 3 parts.

If your claims are located in Basin 37 Part 2 or Part 3*, you are invited to attend a public meeting at one of the locations below on **Wednesday, September 22, 2004:**

10:00 am
Liberty Theater
116 N. Main St.
Hailey, Idaho

or

2:30 pm
Camas County Senior Citizens Center
7129 W Willow
Fairfield, ID

* Similar informational meetings were held in Basin 37 Part 1 over the last couple of years.

The purposes of this general informational meeting are to provide an update on how the adjudication process works; introduce IDWR staff that will be working in your area; and to give you the opportunity to express concerns or discuss problems relating to water delivery in your area. This will help us understand, from an historical perspective, the use and delivery of your water right.

IDWR adjudication staff will be investigating your claims beginning this year with additional field work next season. We request your cooperation in this process - the better we understand your water rights, the more accurate our recommendation will be to the SRBA Court.

Please contact our toll-free number, 1-800-451-4129, if you have any questions.

Sincerely,

Douglas Jones, P.E.
Supervisor
Southern Region Adjudication Unit
