RE: NOTICE OF CLAIM NO[S]: A36-02396 and A36-02679

Dear Counselor:

As part of the Snake River Basin Adjudication process, we are currently reviewing Notice(s) of Claim to a Water Right filed by your client, Bonnie Ingram. The pertinent claim numbers are listed above. In order to complete our review, we need you to provide us with additional information.

Our initial investigation of these claims indicates that there have been changes in the places of use as follows:

<u>Claim No.</u>	<u>Original Place of Use</u>	<u>Claimed Place of Use</u>
A36-02396	8S 23E Sec 6 NW SE 40 SW SE 34	8S 23E Sec 6 NW SE 30 SW SE 30 NE SE 35 SE SE 40
A36-02679	8S 23E Sec 6 NE SE 10 SE SE 40 Sec 5 SW NW 25	8S 23E Sec 6 NW SE 30 SW SE 30 NE SE 35 SE SE 40

Water right owners who have made changes in the use of their rights prior to November 19, 1987 may claim the changes in the Snake River Basin Adjudication. IDWR may recommend the right as changed, however, only if the change meets certain requirements.

Before your client's change can be recommended, you must provide us with the date the change was made and submit some evidence tending to support that date. If the change was prior to November 19, 1987, then you must include the month, day and year. If the change occurred after November 19, 1987, then a specific date is not necessary and you need only support that the change occurred after November 19, 1987. An information sheet is enclosed that describes the types of evidence that can be submitted to support the date of change.

Providing IDWR with a copy of your client's irrigation system design plans may be one way to help us verify the new place of use. The date on those plans might also be one source of documentation to support the date of change.

A field examination may also be necessary to verify some aspects of your client's water use. If a field examination is necessary, IDWR will attempt to contact you in May or June to schedule an appointment with someone who can accompany our agent during the exam.

Your response must be received by the date noted above. If no response is received, your claim to water for the new places of use will not be recommended to be decreed.

Thank you for your cooperation. If you have any questions or feel that you need help in any way, please contact me at 327-7934.

RE: Field examination of a water right claimed
in the Snake River Basin Adjudication

Dear Counselor,

The field staff of this agency may need to conduct water right field examinations of your client's water right claim(s) during the coming season. The field examiner may be visiting your client's property to obtain information necessary to verify the water use.

If a field exam is necessary your client will be contacted directly about the examination unless you contact us otherwise. If you wish to accompany your client at the time of any field examination, or if you have any questions regarding the field examination, you may contact this office.

RE: Water Rights in Reporting Area 3, Basin 36
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources supplemental recommendations for your water right(s) in basin 36 (the area north of the Snake River from near Lake Walcott on the east to near Hagerman on the west). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area.

In response to the Idaho Supreme Court's decision in Basin-wide Issue 5 after most water rights in Basin 36 had been decreed, the SRBA Court requested me to file supplemental reports for Basin 36 regarding the period of use for irrigation water uses and general provisions applying to all water rights in Basin 36. The enclosed documents fulfill that request. The general provision enclosed is in addition to those already adopted by the Court.

Note you have just over 30 days in which to review the water rights of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Hailey, Arco, Jerome, Rupert, Gooding, and Shoshone and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed later this year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

THIS IS AN IMPORTANT LEGAL NOTICE CONCERNING YOUR WATER RIGHT CLAIMS IN THE SNAKE RIVER BASIN ADJUDICATION

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA	)	Case No. 39576
	)	NOTICE OF FILING AMENDED DIRECTOR'S
	)	FOR REPORTING AREAS 1, 2, AND 3
_____	)	(BASINS 34, 57 AND 36)

TO: ALL CLAIMANTS OF RIGHTS TO THE USE OF WATER IN REPORTING AREAS 1, 2 AND 3
(BASINS 34, 57 AND 36)

The Idaho Department of Water Resources has filed Amended Director's Reports for Reporting Areas 1, 2, and 3 (Basins 34, 57, and 36, also known as the test basins) with the SRBA District Court. One of the purposes of the Amended Reports is to conform the director's reports to the requirements of the adjudication statute, Title 42, chapter 14, Idaho Code, which was amended in 1994.

The Amended Reports amend the "preamble" to the director's reports, which include "general provisions." The general provisions apply to all water rights or certain classes of water rights, and are recommended to be included in the court's decree of water rights. The amendments significantly reduce the general provisions, and include some changes in the text of the remaining general provisions. The remainder of the preamble consists of explanatory material. The Amended Reports do not change the list of water rights in the report. IDWR will file amended reports at a later date that revise the list of water rights in the reports.

The SRBA District Court has entered an order granting the amendments to the Director's Report for Basin 57 in part. The order further provides that no additional objections to the remaining general provisions in the Basin 57 report will be allowed. The court has entered an order setting a hearing on the Amended Reports for Basins 34 and 36 on January 16, 1996, at 1:30 p.m., at the SRBA Courthouse. **The order provides that any party opposing the amendments to the report shall file with the court a notice and brief in opposition by 5:00 p.m. January 8, 1996;** any party wishing to file a response to the objections shall file their briefs prior to 5:00 p.m., January 15, 1996.

Some claimants have filed a motion asking the court to designate the general provisions as "Basin Wide Issue No. 5" for determination by the court. The court has entered an order designating the general provisions in Basin 57 as Basin Wide Issue No. 5. (One of the general provisions, concerning the Reynolds Creek Decree, was referred to the special master for Basin 57.) A hearing on the designation of general provisions in Basins 34 and 36 as part of Basin Wide Issue No. 5 will be held January 16, 1996, at 1:30 p.m. at the SRBA Courthouse.

The court's order also sets forth a schedule for the resolution of Basin Wide Issue No. 5. All parties to the SRBA who intend to participate must file with the SRBA District Court a notice of intent to participate by 5:00 p.m., January 5, 1996. The notice must state whether the party supports or opposes the inclusion of each general provision in the court's decree, and clearly and briefly explain their position. Briefs in support of the general provisions must be filed with the court by 5:00 p.m., January 26, 1996. Briefs in opposition to general provisions must be filed with the court by 5:00 p.m., February 9, 1996. Responsive briefs must be filed with the court by 5:00 p.m., February 16, 1996. A pretrial conference will be held at 9:00 a.m. on February 20, 1996, and hearing will be held at 9:00 a.m. on March 12, 1996, at the SRBA Courthouse.

A copy of each amended report is available for inspection at the locations listed on this notice. Copies of all or a portion of the amended reports and/or the court's orders are available from the offices of IDWR listed on this notice, subject to payment of costs of mailing and/or copying.

If you have questions about the SRBA, please call any office of IDWR listed in this notice; if you have questions concerning your rights and responsibilities as a claimant in the SRBA, please consult your attorney.

REMARKS:

License for 75 acres ; p.o.u. change occurred in 1970s (See phone memo ~~with~~ of conversation with Mark Ingram); now one system with A36-02396. Recommend permissible p.o.u. of 75 out of 135 acres.

* Actually Mark Ingram thinks 25 acres in Section 5 listed ~~on~~ on this license was never irrigated from this source. We will treat it as a change in p.o.u. to pick up extra acres in NESE Sect. 6.

Date of change must be prior to Ralph Ingram's permit for 36-07615.

CLAIMANT'S NAME: Bonnie Ingram; Ralph Ingram DATE: 10-24-91
COUNTY: Minidoka
EMPLOYEE: S.W. Keen

I called Mark Ingram, attorney, to discuss the claims by his mother, Bonnie Ingram, and his brother, Ralph Ingram. He told me:

- ① Originally Harold Ingram, his father, ^(Mark) ~~he~~ owned the land covered by these three claims, along with some other land. Ralph Ingram bought his share in the 1970s.
- ② The 25 acres in section 5 covered by license 36-2679 never was irrigated from the well shown as the p.o.d. for ~~36-02679~~ 36-02679.
- ③ One sprinkler irrigation system covers the land claimed by Bonnie Ingram under A36-02396 and A36-02679.
- ④ A36-02396 + A36-02679 do not overlap A+B Irrig. Dist.
- ⑤ A36-02396 + A36-02679 are from the same well.
- ⑥ The pump for the well in ⑤ is still the original, (which implies that capacity has not increased.)
