1. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Remarks:Comments:

1. jdean 11/8/2006 Priority Date

Comment: The priority date for this claim has not been verified. The rest of the claim was verified based on the field exam. If evidence of priority is submitted most of the recommendation is already ready.

2. jdean 11/8/2006 Conditions

Comment: This claim is conditioned with P01 and P11 because there is no lawful appropriation found. If this claim is recommended (recommendation pending evidence of priority), F14 (referencing overlap with Lower Payette Ditch Company) should be added.

3. jdean 11/8/2006 Disallowed

Comment: This claim is disallowed because no evidence of priority was submitted. If evidence of priority is submitted, this claim will need a quick review before being recommended with the priority date that evidence supports.

4. jdean 12/15/2006 NOE Conditions

Comment: It is uncertain whether or not ditch water is used on this property. No mention of ditch water was made in the claim or in the field exam. Because the ditch company condition is explanatory, I have decided not to add it at this time.

1 AFFI

From speaking with Delton Walker who obtained the affidavit, Rowan Frank is about 84 years old. He was away at war when the well was dug, but became aware of the well when he returned. His memory was sharp and he was able to remember the name of the person who dug the well (it was different than who was originally thought to have done it).

1. P11 No lawful appropriation shown: There are a number of circumstances in which a claim is proposed to be disallowed on this basis. This is most commonly included for a claim based on beneficial use or posted notice that is proposed to be disallowed because the right claimed is not within an exception to the mandatory permit statute, and beneficial use of water prior to the mandatory permit statute was not confirmed. This is also included where a claim is proposed to be disallowed because the claim is to water that is not public water subject to appropriation. This is also included where a right was determined not to exist in a prior adjudication.
2. P01 No lawful appropriation shown.

Comments:

1. jdean 11/8/2006 Priority Date

Comment: The priority date for this claim has not been verified. The rest of the claim was verified based on the field exam. If evidence of priority is submitted most of the recommendation is already ready.

2. jdean 11/8/2006 Conditions

Comment: This claim is conditioned with P01 and P11 because there is no lawful appropriation found. If this claim is recommended (recommendation pending evidence of priority), F14 (referencing overlap with Lower Payette Ditch Company) should be added.

3. jdean 11/8/2006 Disallowed

Comment: This claim is disallowed because no evidence of priority was submitted. If evidence of priority is submitted, this claim will need a quick review before being recommended with the priority date that evidence supports.

This is also included where a right was determined not to exist in a prior adjudication.

CONVERSATIONAL MEMORANDUM

Date: September 9, 2005

To: File 67-4242

From: Craig L. Saxton

Subject: Evidence of priority

I spoke with Dalton Walker. He is an attorney but is just calling to help his friend out and isn't actually representing him. I didn't catch the name of the person he is representing, but it is a family member of John and Roma Dille who have since passed away. He asked how to fill out the change of ownership form and we discussed what would be needed in an affidavit to be sufficient of evidence of priority.

He said this is a hand dug well that was dug in '44 or '45. He thinks he can get an affidavit from an old timer.

In addition, we searched for a right from a domestic well which is different than the irrigation well, however, we couldn't find one. It doesn't look like John and Roma Dille filed on the Domestic use. I told Dalton that they could, but didn't have to as long as they didn't exceed the domestic definition defined by 42-111.
