87-11637, 11638, 11639 and 11640 Phone Call Summary 9/30/2020

On 9/30/2020 I spoke to Bertha Nygaard in regards to the claims above. Below are details discussed during our conversation.

87-11637: Claimed on parcel RP41N05W047214. There is one well on the parcel that is supplying the one home. Recommended as claimed.

87-11638: Claimed on parcel RP41N05W105450. There is one well that is supplying the one home. Recommended as claimed.

87-11639, 11640: Claimed on parcel RP41N05W047274. There is one well on the parcel RP41N05W047274 that is supplying the other three homes in the same QQ as claim 87-11637. After talking with the claimant, I will recommend claim 87-11639 for one home on parcel RP41N05W047274 which she owns. I will send a letter to the other two property owners that she claimed for, but is not the owner of, letting them know they have the opportunity to each file a claim in the PRBA for their domestic use from this shared well. The other property owners are Rosalinda Nygaard on parcel RP41N05W047324 and Dean Nygaard on parcel RP41N05W047304.

I will disallow claim 87-11640 because all of the claimant's homes that she owns will already have a claim/recommendation. Because the other two properties are not owned by the claimant, it is appropriate for the owner of each property to file a claim on the use from the shared well, not the owner of the property where the well is located. The claimant understood this.
