

AMENDED DIRECTOR'S REPORT

Subcase Nos. 95-16052

In Re CSRBA

Twin Falls County Civil Case No. 49576

Report to the CSRBA District Court

Prepared by the Idaho Department of Water Resources
Gary Spackman, Director
Craig L. Saxton, Manager, Adjudication Section

October 9, 2020

DESCRIPTIVE SUMMARY

This is an Amended Director's Report submitted by the Director of the Idaho Department of Water Resources (IDWR).

DISCUSSION

On February 26, 2019, IDWR filed a Director's Report for Allan G. Roy's Water Right No. 95-16052 for domestic purposes.

On September 22, 2020, Special Master Booth reviewed water right 95-16052 for issuance of partial decree. In his review, he found an error in the daily diversion volume limiting condition under the "QUANTITY:" section. The condition incorrectly limited the right to 2,500 gallons per day when it should limit the rights to 13,000 gallons per day. The Amended Director's Report corrects the daily diversion volume limit in on the quantity condition.

The Director submits for filing with the Court Amended Director's Reports for the aforementioned subcases (see attached recommendations).

A handwritten signature in blue ink, reading "Craig L. Saxton", is positioned above a horizontal line.

CRAIG L. SAXTON
Manager, Adjudication Section
