Re: 86-12078 - Motion for Determination of Deferred *De Minimis* Domestic or Stock Water Use

Dear Mr. and Ms. Morrow,

On June 10, 2020, the Idaho Department of Water Resources (IDWR) received notice that you filed a **Motion for Determination of Deferred *De Minimis* Domestic or Stock Water Use** for claim 86-12075. The next step in the process is to publish a Notice of Pendency and Purpose of the Motion once per week for no less than three (3) weeks in a newspaper of general circulation in the county in which the point of diversion is located.

I am enclosing a copy of a form called "Deferred De Minimis Domestic and/or Stockwater Use and the Process for Filing Deferred Claims in the Snake River Basin Adjudication (SRBA)", that should help explain the process. I am also enclosing an example of how IDWR advertises notices of this type.

I am writing to let you know that IDWR cannot move forward in the process until the Affidavit of Publication is submitted to the court.

I know this can be a complicated process so please feel free to contact IDWR or the SRBA court if you have any questions.

Respectfully,
