CONVERSATION MEMORANDUM TO CLAIM FILE

TO: CLAIM FILE NOS. 67-4419
FROM: VICKY L MUSIC, SR WATER RESOURCE AGENT, IDWR / WESTERN
REGION
SUBJECT: CLAIMS REVIEW – EVIDENCE OF PRIORITY
DATE: 11/2/2006
CC:

I called claimant Opal Neumann this morning for additional evidence of priority. Her affidavit did not provide sufficient information about the priority date.

Opal told me that when they moved there the spring with pump supplied domestic water for the house. It ponded a little but was really just a slough. Her family developed the pond as storage for irrigation. They used it for irrigation if there is enough water in the pond, for stock water and for domestic.

She thinks she got the priority date from her title when they bought the place though the water was already being used for domestic. Her grandson is 42 and they bought the property before he was born which was in 1964.

She owns about 10 acres and claimed 9.7 but never irrigated it all. She estimated 6 – 7 acres have been historically irrigated. Irrigated around the house, south pasture and part of the back pasture but there was never enough water to irrigate the entire property. Was not able to irrigate the north pasture. The water level has dropped since they bought it. Sometimes the pond will go dry in August.

Re: Evidence of Priority Date

Dear Claimant:

The Notice of Claim to a Water Right (claim) identified with the number(s) shown above your name has been filed in the Snake River Basin Adjudication (SRBA). The claim indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed. **Proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.**

Enclosed you will find a computer printout of your claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. A map of the general area stated in your claim is also enclosed. If you irrigate, please outline the location of lands irrigated based on your claim, as well as the location of any points of diversion, if possible. If you have a claim other than irrigation, please outline the location of your place of use (i.e. house) and note the location of wells or other points of diversion. Please submit the completed map along with your evidence of priority. This will assist me in making a more accurate recommendation of your claim(s).

PLEASE NOTE: If no evidence is submitted, IDWR will recommend the SRBA Court decree the claim be disallowed. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date and the historic use by the date shown above, referencing all documents with the corresponding claim number. Send the documents in the enclosed envelope to assure it arrives at the correct location. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. You can contact the Basin 67 team via e-mail at B67questions@IDWR.idaho.gov. If you wish to call, our toll free number is 1-800-451-4129.

If you no longer own the property to which the claim is appurtenant, please forward this correspondence to the present owner, or return it to Idaho Department of Water Resources (IDWR). If you have received this correspondence from the previous owner of the property, it is recommended that you file a Change of Ownership form with IDWR in order to receive future mailings and to participate in the Adjudication.
