AFFIDAVIT

I, Gene Camp, having attended school adjacent to the subject property known as the Galey Ranch north of Council, Idaho and being very familiar with the land and irrigation since the 1920's I do hereby testify that the land on the attached map and legal description has been irrigated from a small stream known as Last Chance Creek and shown on the map since at least the year 1929.

The water volume was sufficient to irrigate the land for the entire summer which would involve approximately One Inch per acre.

MEMORANDUM

Date: May 26, 2005

To: File

From: Melanie Vining (contract field examiner for IDWR)

Subject: Field exam for claims 67-349b, 67-4420d, 67-4343a

Background:

I met with current owners, Tim and Carol Frahm, on May 25, 2005. They have owned land and water rights involved for approximately three years and have little knowledge of previous owners or state of the said water rights. Consulted with Craig Saxton (senior water agent, IDWR) on May 26, 2005. Following is a summary of the current state of each claim:

67-4420d: Mr. Frahm is currently irrigating 6.5 of his 7.0 acres (excluding house) with what appears to be 67-4420d water, according to POD given in 1990 claim. POD for this claim is flagged in the file, and was GPSd on May 26, 2005. Flow from diversion enters property from SE corner; slope of property allows for gravity flow across entire 6.5 acres. Advised Mr. Frahm of need to provide evidence of priority; may be able to prove back further than 1929 (current DOP) if holders of other portions of split can confirm.

67-4343a: Using claimed POD and source for this claim, it does not appear that Mr. Frahm is currently using this water, nor is he aware of when or if the previous owner used it. Outside of the quarter section information listed in the claim, Mr. Frahm has no further knowledge of where the POD for 67-4343a lies. There is a map in the file, drawn by the original 1993 claimant, but the POD it designates is the same as 67-4420d, which would give both rights the same source. This drawn POD does not agree with the quarter section information listed in the claim. Because there is no evidence of recent use, Mr. Frahm will need to provide evidence that it was used within 5 years of the date claim was filed (1993) in order to avoid forfeiture. A signed affidavit in this file, obtained by a previous owner, could possibly establish back to 1931 as a priority date, although if an earlier date is sought additional evidence is needed. In addition, Mr. Frahm will need to provide evidence of a valid POD and means of conveyance.

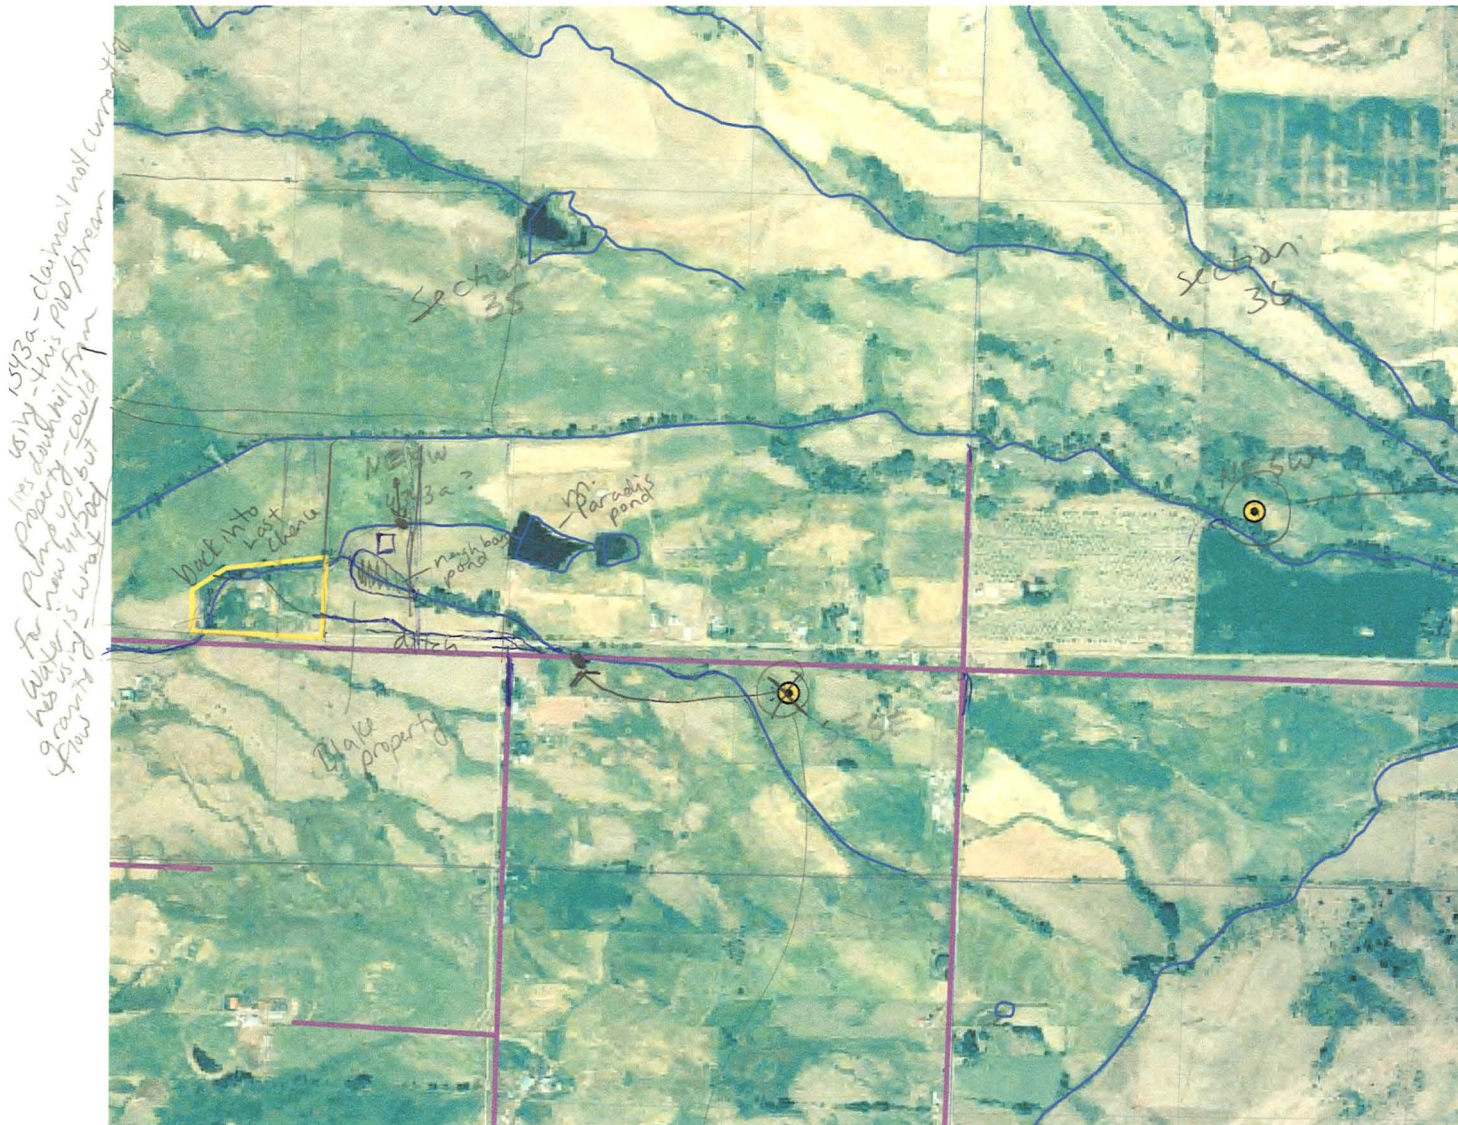

67-349b: Using claimed POD and source for this claim, it does not appear that Mr. Frahm is using this water, nor is he aware of the exact year in which the previous owner used it. Outside of the quarter section information listed in the claim, Mr. Frahm has no further knowledge of where the POD for 67-349b lies. Included in the file is a 1987 watermaster's report, inserted by Linda Werner, IDWR employee, as proof that this right was used within five years of the filing date. Mr. Frahm will need to provide evidence of a valid POD, means of conveyance, and evidence of priority.

***In addition to the question of when or if each of these claims was used is the fact that each claim is for approximately 7 inches of water for a total of 21 inches for 7 acres of land (overclaimed amount for POU). The Frahms are aware of this fact and stated their desire to obtain one solid water right without going over the inch per acre limit.

May 27, 2005 phone conversation:

Called Mr. Frahm and advised him of the status of each claim and the need to collect more information for each one. He will pursue POD, means of conveyance, and priority dates for the appropriate claims, and submit to IDWR. After this, it will be up to the IDWR recommendation preparer to recommend which right and quantity should be used.

SUBJECT

Complaint from Paradis & field exam remark.

After talking with Tim Thadew, claimant (new), it appears Mr. Paradis had a conflict with the previous owner. Mr. Paradis & Tim Thadew share the same pt. of diversion & previously Mr. Paradis would divert the entire flow & the previous owner would then pull his dam out. Tim Thadew states he will work with Mr. Paradis on either a rotation or delivery solution. I removed the field exam over →

RE: Notices of Claims to a Water Right Nos: A67-00349B, A67-04343A
✓A67-04420D, A67-12335

Dear Mr. And Mrs. Sanders:

As per my telephone conversation today with Mr. Sanders, enclosed are copies of the above-referenced claims which are filed in the Snake River Basin Adjudication. I could not locate any other claims in your names.

Attached to each copy is a profile report for that particular claim. These reports summarize the information contained in the claim. Please note that the date of the decree for water right no. 67-00349 (of which you own a portion) is not contained on either the claim or the profile report. I have enclosed a proof report of 67-00349 which shows the date of the previous decree for this water right.

Also enclosed is a pamphlet entitled "Idaho Water Rights - A Primer". This pamphlet explains the different types of water rights and claims, and explains some of the terms that define a water right.

Please be advised that two of your claims, A67-04343A and A67-04420D, will require some evidence supporting the claimed priority date. There is no deadline established in your area to submit this information, however as more time goes by it may be more difficult to obtain. You may submit evidence supporting the priority date at any time and it may be in your best interest to obtain this information before it becomes unavailable. Please refer to the enclosed pamphlet "Evidence of Priority" for more information.

If you have any questions please do not hesitate to contact me.

Sincerely,

Maria Minicucci

Dear Mr. Sanders:

Enclosed you will find the information we discussed in our phone conversation of May 3. It is as follows:

1. Change of Ownership Form-Please sign under new claimant.
2. Your copy of the processed Notice of Claim to a Water Right. This is numbered A67-12335 and is for the domestic well.
3. Notice of Claim filed on Last Chance creek, numbered A67-04420D. Please make the corrections in the areas I have highlighted. I am also enclosing a copy of the right showing how this claim was originally filed as a statutory claim by the Chapmans. This shows the breakdown as to how this right has been filed in the Snake River Basin Adjudication by the other water users.
4. Notice of Claim filed on Mill creek numbered A67-00349. I have highlighted the areas which need correction. Also included is a copy of the watermasters report from 1987 which shows that 0.13 cfs of water was delivered to the Dean property.
5. A blank Notice of Claim to a Water Right which will need to be completed for the diversion from the unnamed stream, based on statutory claim number 67-04343. Also enclosed is a profile report which shows the initial filing by Mr. Dean. Note that I have broken down the acreages and corresponding water quantity. This report can be used as a guide when completing the claim form.
6. A map outlining T17N, R1W, Section 35, which should assist you in determining the correct place of use and number of acres.
7. A copy of the receipt showing fees paid by Mr. Dean. I have also included a breakdown of the fees which are presently due. The total now due is \$57.00

Dear Mr. Howerton:

Last November I sent my water information to James Camp with a check for filing. I thought I was registered in December. I just found out I wasn't.

Meanwhile we were moving from Amado, Arizona to Sahuarita, Arizona (Jan 2 - 15th).

James had sent me papers, but they were lost in the shuffle. Then when we discovered them and we needed a map sent to us, things

Please accept these filings, even though I missed the Jan. 5th deadline. I was to the understanding that the money, and I.D.U. number, I sent, I held my claim until further information could be sent.

I have enclosed 3 claims as follows.

- 1- Household well - \$25⁰⁰
- 2- Mill Creek water - \$50⁰⁰
- 3- Last Chance (AKA Unnamed) - \$50⁰⁰

Please make note that I'll be on the property this summer and permanently in 1991. It is leased to Carl Chapman. Sincerely, Ronald S. Dear

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects your change in address.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. You will be notified prior to the beginning of any verification of this water right.

Thank you again for your patience and cooperation. If you have any questions concerning the enclosed claim(s), please feel free to contact this office.

Sincerely,
