RE: Water Use on Williamson Property

Ladies and Gentlemen:

On August 14, 1990, Ms. Jan Shurte of this office responded to a complaint generated by the Mann Creek Irrigation District by sending to W.M. Williamson a letter describing concerns about his water use. Since that time Mr. and Mrs. Williamson have visited our offices several times, investigating their water rights. At this point it appears to be beneficial for our staff to meet with both the Williamson's and representatives of the Irrigation District to address questions and concerns of all parties.

Mr. Steve Lester of this office, Mr. Gerald Myers, Watermaster of Water District 67, and I will be in Weiser on the morning of Thursday, February 7, 1991 regarding another matter. The purpose of this letter is to invite the parties interested in the Williamson water use to attend a meeting at the Washington County Courthouse, to be held at 1:30 pm on the same day, in order to attempt to resolve water issues related to their operation.

The Williamson's have agreed to attend. Please advise if the Irrigation District will not be able to be represented. Otherwise, we will plan to meet with you there.

Sincerely,

David R. Tuthill, Jr., P.E.
Manager, Western Regional Office

W. M. Williamson
1860 Cemetary Rd.
Weiser, ID 83672

Dear Mr. Williamson:

We have recently received complaints concerning your use of water from Mann Creek diverted via the Joslin Extension Ditch. This letter is being sent only to inform you of these complaints and to provide information concerning your water rights presently on file and the rules and regulations of the Department regarding the use of those rights pursuant to Volume 8 of the Idaho Code.

The water rights in questions are your adjudicated water rights from Mann Creek along with the storage right you have from Mann Creek Reservoir. The adjudicated rights are as follows:
DECREED IN THE MANN CREEK DECREE - JEFFERSON, ET AL VS HIGGNEBOTHAM, ET AL, DATED JUNE 3, 1921:

Right No.	HIGH WATER	LOW WATER	PRIORITY
67-0627	20"(.40cfs)	14"(.28cfs)	3-29-1913
67-0628	40"(.80cfs)	28"(.56cfs)	3-29-1913
67-0629	80"(1.6cfs)	56"(1.12cfs)	3-29-1913
67-0631	30"(.60cfs)	21"(.42cfs)	3-29-1913
TOTALS	170"(3.4cfs)	119"(2.38cfs)	

Also, our records indicated there was a License No. 67-02078A with a March 3, 1913, priority date for 3.3 cfs from Mann Creek, for 165 acres you have claimed in the Snake River Blasin Adjudication. However, this license was superceded by the Secondary decree for Mann Creek dated 6-3-1921. This means that because the license was completed in 1914, and J. I. Williamson was joined in the Secondary adjudication in 1919, then the license had to have been filed on under the above rights, or forfeited. If you disagree with this determination, legal proof will be needed.

In the Snake River Basin Adjudication the above listed adjudicated high and low rights were combined into one claim for the high water right - Claim No. A67-10384 for 3.4 cfs and one claim for the low water right - Claim No. A67-10383 for 2.38 cfs. The high water right and the low water right are not additive. The maximum amount that could be diverted under these rights is 170" during high water, and 119" during low water. Before Mann Creek Reservoir was built, the diversion from the Joslin Extension Ditch would have been decreased to the low water rights when Mann Creek dropped below 6,114". Then, when Mann Creek dropped below 4,280", the diversion for the Joslin Extension Ditch would have been shutoff. The 6,114" and 4,280" figures are the number of inches for high water and low water rights, respectively, decreed to other ditches with water rights prior to the Joslin Extension Ditch in the Mann Creek Decree of 6-3-1921(abstract of these rights available upon request). When

MICROFILMED
OCT 0 2 1992

the Mann Creek Reservoir was built, it was to allow diversion of water throughout the irrigation season by using stored water when waterusers would have normally had no water.

The Mann Creek Irrigation District states that you have 286.6 inches of stored water in Mann Creek Reservoir to be used within the boundaries of the Mann Creek Irrigation District. Our watermaster records also show that 286.6" of storage water has been historically delivered to you. The district has stated that you are using this water on lands lying outside of the irrigation district boundaries. The Department is not validating this claim by the District, but are informing you of the consequences if, in fact you are irrigating land outside the irrigation district boundaries with storage water rights. The only way you could be diverting adjudicated water rights, rather than your storage water, at this time of the year is if there is over 4,280" flowing in Mann Creek as it enters the Mann Creek Reservoir. It would have to be 4,490" in order to receive the full 210" of low water decreed to the Joslin Extension Ditch, and in turn for you to receive your full 119" of low water decreed rights.

Also, you would have to have been using your adjudicated water on the parcel of land in question prior to November 19, 1987, to legally use your adjudicated water on this land when adjudicated water is available. This date was the commencement of the Snake River Basin Adjudication, and any use developed prior to that can be shown on your adjudication claim, but if the use has been developed since that date, then an Application for Transfer to change the place of use from the adjudicated place of use is now required. At this time of the year the Irrigation District states that no adjudicated water, except possibly the first water right, is available. This judgement comes from their experience during the drought of 1977. Therefore, they feel you are using storage water and not live flow water rights. If you are irrigating this land with stored water, they can legally force you to discontinue irrigating any lands outside the irrigation district. If you do not discontinue this use, they would be in violation of an illegal diversion of water because water is being used on land not covered under their water right.

We have also been informed that you have began irrigating land this year with water from the Joslin Extension Ditch which has historically been irrigated from the Mann Creek Ditch under Water Right No. 67-0516. This right has been claimed in the adjudication by Herman Mantooth as being diverted from the Mann Creek ditch. If, in fact, you are using the Joslin Extension Ditch rather than the Mann Creek Ditch, and the change in the point of diversion was made after November 19, 1987, then an Application for Transfer of a Water Right must be filed with the Department. Until a transfer is filed and approved, the watermaster cannot deliver additional water into the Joslin Extension ditch, thereby providing that no other users of that ditch are injured by any additional diversion of water. If you did begin this diversion after November 19, 1987, and other waterusers file a formal complaint, the Department can issue a cease and desist order to you based on illegal diversion of water. If you can show that the diversion from the Joslin Extension ditch to this

MICROFILMED
OCT 02 1992

land began prior to November 19, 1987, then Mr. Mantooth needs to amend his adjudication claim to show this point of diversion, and avoid the cease and desist order from the Department. However, this does not guarantee that you will be able to divert this water if injury by another person is still formally declared, since the adjudication claim does not automatically grant the transfer.

Please remember that nothing has been proven, and the Department is not presently making any judgements, rather only informing you of the complaints we have received and what actions may be taken if these allegations are true. Feel free to contact me with any comments or questions you have concerning this letter.

Sincerely,

JAN SHURTE
Water Rights Supervisor

Weiser, ID 83672

Dear Gilbert:

Enclosed are three copies of Claim No. A67-04489, for the Mann Creek Irrigation District's flood water right. Also enclosed are copies of all the claims filed, either by yourself, or by your parents. An application for extension of time is enclosed to be signed and returned with one signed and notarized copy of Claim No. A67-04489. When this claim and extension request are returned, please enclosed the $50.00 filing fee we had discussed earlier, and label the envelope to my attention here at our Western Regional Office, 2735 Airport Way. The extension request has the Orchard Street address as the address to send it to, but I would like to have all documents together and then send the extension request to the State Office after it is received here.

I want to thank you again for all your help and patience during the Washington and Adams County claims filing. The Weiser River drainage basin was the most difficult area within which our Region took water right claims out of all twelve counties we handled. All of the people you assisted that came to me to file their claims had the exact information needed. This saved a great deal of time and trouble for me. I'm sorry for the delays in getting this claim completed, and hopefully it did not cause too much concern for you.

Please feel free to contact me if you have any questions or problems on any of the enclosed claims.

Sincerely,

Jan Shurte

TO: DAVE SHAW & FILE FOR CLAIM NO. A67-04489

FROM: JAN SHURTE

DATE: 4-6-1990

I HAD DISCUSSED FILING THIS CLAIM WITH GILBERT BALL, MGR. MANN CREEK IRRIGATION DISTRICT MONTHS BEFORE THE WASHINGTON CO. DEADLINE. IN OUR DISCUSSIONS, MR. BALL DECIDED TO WAIT UNTIL THE END OF THE FILING DEADLINE FOR WASHINGTON CO. IN ORDER TO AVOID HAVING TO PAY THE $1 PER ACRE CHARGE FOR THE FLOOD WATERS IN MANN CREEK. MOST OF THE RECIPIENTS OF MANN CK. IRRIG. DIST. WATER HAVE PREVIOUSLY ADJUDICATED LIVE FLOW RIGHTS. IT IS THESE RIGHTS THAT THIS FLOOD WATER CLAIM IS BEING FILED FOR. THEREFORE, EACH INDIVIDUAL OWNER OF ADJUDICATED RIGHTS SHOULD HAVE FILED DURING THE WASHINGTON CO. FILING PERIOD, PAYING THE $1 PER ACRE CHARGE.

THIS CLAIM DID NOT COME WITH THE $50 FLAT FEE, NOR WAS IT COMPLETED ON A CLAIM FORM, BECAUSE THE AGREEMENT I MADE WITH GILBERT BALL WAS TO SUBMIT THE INFORMATION AND WE WOULD DATA ENTER A CLAIM IN TIME TO SEND BACK TO HIM TO SIGN AND RETURN. BECAUSE OF OUR EXCESSIVE WORKLOAD I ENDED UP NOT BEING ABLE TO GET THE CLAIM PREPARED IN TIME, AND AT THAT POINT THE TIME PERIOD GREW BECAUSE I DECIDED TO REQUEST AN EXTENSION OF TIME WHEN THE CLAIM WAS FINALLY COMPLETED. THE INFORMATION MR. BALL SUBMITTED FOR THE CLAIM WAS SUBMITTED IN A TIMELY MANNER. I AM FINALLY SENDING THE COMPLETED CLAIM AND AS LONG AS MR. BALL RETURNS THE CLAIM, SIGNED AND NOTARIZED, ALONG WITH THE $50 FLAT FEE WITHIN 30 DAYS OF US SENDING IT TO HIM, THEN HE HAS CONTINUED TO WORK VERY DILIGENTLY TOWARDS THE COMPLETION OF THIS CLAIM.

MR. BALL WENT TO CONSIDERABLE WORK ON ALL OF THE MANNS CREEK FILINGS, EVEN AS FAR AS TO HELP INDIVIDUALS FIND THEIR ADJUDICATED WATER RIGHT NUMBERS, USING THE WATERMASTER'S REPORT, FIND THE LEGAL DESCRIPTION FOR THE POINT OF DIVERSION AND COMPUTE ACRES IRRIGATED BY 1/41/4. HE ALSO DILIGENTLY PURSUED THE FLOOD WATER FILING MAKING CALLS TO CHECK UP ON OUR PROGRESS. THEREFORE, I DEFINITELY RECOMMEND THE ATTACHED EXTENSION OF TIME BE APPROVED.

Re: Permits No. R-696/67-2386
R-1182/67-2389

COPY

U.S. Bureau of Reclamation
Regional Director, Region 1
Box 043, 550 West Fort St.
Boise, Idaho 83724

Gentlemen:

A representative of this Department has made an examination of the works covered by the above referenced permits and has found the following:

Permit R-696/67-2386

Quantity of water stored: 10,000 acre feet Source: Mann Creek

Amount of water that can be recognized as beneficially used under Idaho law: 10,000 acre feet

Point of diversion: SE¼NE¼, Sec. 11, Twp. 12 N, Rge. 5 W, B.M., Washington County

Beneficial use: Storage from Jan. 1 to Dec. 31 for the irrigation of 4,336 acres (see enclosed land list description)

Priority established: December 14, 1940

Permit R-1182/67-2389

Quantity of water stored: 5,000 acre feet Source: Mann Creek

Amount of water that can be recognized as beneficially used under Idaho law: 5,000 acre feet

Point of diversion: SE¼NE¼, Sec. 11, Twp. 12 N, Rge. 5 W, B.M., Washington County

Beneficial use: Storage from Jan. 1 to Dec. 31 for irrigation purposes within:

(1) 4700 acres lying within the Mann Creek drainage basin and approximately bounded on the north by the Jocelyn Ditch; the

MICROFILMED
OCT 02 1992

east by the Joslyn and Mann Creek Ditches; the west by the ~~Otis~~ Cromwell, Lolley, Hanna, Gilderay-Lynch, and Jefferson-Ohms Ditches; and on the south by the Galloway Ditch.

(3) 660 acres approximately lying within the Monroe Creek drainage below the existing Monroe Creek Feeder Canal, above the Galloway Ditch and bounded on the east and west by existing ditches.

Priority established: January 30, 1964

The lands found being irrigated by our examiner under Permit No. R-696/67-2366 differ from those described under the permit, therefore, it will be necessary to amend the permit before a water license is issued. Enclosed is a partially completed application for amendment for your use in this matter. Please sign the application and return it to this office with a $10.00 filing fee within 30 days in order that we may issue water licenses as set forth in this letter.

If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

Re: SRBA claim **67-4489**

October 5, 2005

To Whom This May Concern:

My name is Dan Narsavage and it is my task to review the claims to water rights along Mann Creek in the Snake River Basin Adjudication (SRBA). In reviewing your SRBA claim, I have encountered some issues that I cannot resolve without your assistance. Please refer to the maps and claim report that I have enclosed with this letter when addressing the following questions:

First, the address we currently have on file for you is simply:
Mann Creek Irrigation District
Weiser, ID 83672
If the address to which this letter was sent is correct, then please complete the included Change of Address form so that we may change your address in our database.

Gravity flow would have been the only available means of large-scale irrigation at the priority date claimed by 67-4489. My goal is to recommend the acreage count for claim 67-4489 to include only those irrigated lands within the Mann Creek Irrigation District (MCID) that can be irrigated via gravity flow but were not included in the Mann Creek Decree of 1921. If this was not the intention of the MCID, then a separate claim will most likely have to be filed for the acres to which water is pumped.

I have several questions about specific lands within the MCID. For instance, just north of the intersection of Lolley Ditch and Highway 95, there are several decreed rights (owned by Hoover and others). These Places of Use (POUs) are within the MCID service area boundary, but not included in this claim's POU. This looks like it may have been an oversight, so I thought I would bring it to your attention. Also, it appears that several areas to which irrigation water cannot be applied by flooding are included in this POU. As I said earlier, these currently cannot be included in this recommendation. Please peruse the maps included with this letter and ensure that they accurately reflect the state of water use for MCID as of 1987 and that only land that is capable of being irrigated by gravity is included. Areas of particular concern to me are outlined in yellow. Please address these by writing on the map whether or not each should be included in the irrigated acres for this claim, based on the criteria in the previous paragraph, and return the map to me.

Please reply to this letter no later than November 25, 2005 so that I may recommend your claim as quickly and accurately as possible. Thank you very much for your time, and feel free to contact me with any questions or concerns that you may have.

Sincerely,

Daniel L. Narsavage

APR 19 1983
Dept. of Water Resources

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that Mann Creek Irrigation District (Name of Claimant)

WEISER, IDAHO (Mailing Address) 83672 (Zip Code) Telephone No. _____

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

(1) Date of priority: (When was the water first applied to a beneficial use) 3/29/1913

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)
Mann Creek tributary to Weiser River

(3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

	(cfs, af)	(Domestic, Irrigation, Stock, Etc.)	(Both dates inclusive) Period of Use From (Mo., Day)	To (Mo., Day)
Quantity	136.96 cfs	Use Irrigation	Period of Use From 3/15	To 11/15
Quantity		Use	Period of Use From	To
Quantity		Use	Period of Use From	To
Quantity		Use	Period of Use From	To
Quantity		Use	Period of Use From	To

(4) 136.96 cfs (cfs, af) TOTAL QUANTITY USED.

(5) A) Point of diversion: (Location of point where water is diverted from its source) (see attached papers)
_____ ¼ _____ ¼, Sec. _____ Twp. _____ Rge. _____ B.M., County of Washington
Additional points of diversion: Adams-Sailing Ditch, Barton Ditch, Bradshaw Ditch, Joslin Ditch, Hanna Ditch, Lobley Ditch, Lund Ditch, Lynch Ditch, Mann Creek Ditch, Ohms Ditch, Webb Ditch, Wishart Ditch, Otto-Crowell Ditch

B) Means of diversion of water: (Pump and pipeline, well, diversion dam, reservoir, length of ditch and field, give sizes and capacities: be as specific as possible. Describe any changes in the system and give the date of the change. HEADGATES & DITCHES.

(6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

To be used on lands located within the Mann Creek Irrigation Dist., Washington County.

T	R	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	

No. of acres 4,178 acres

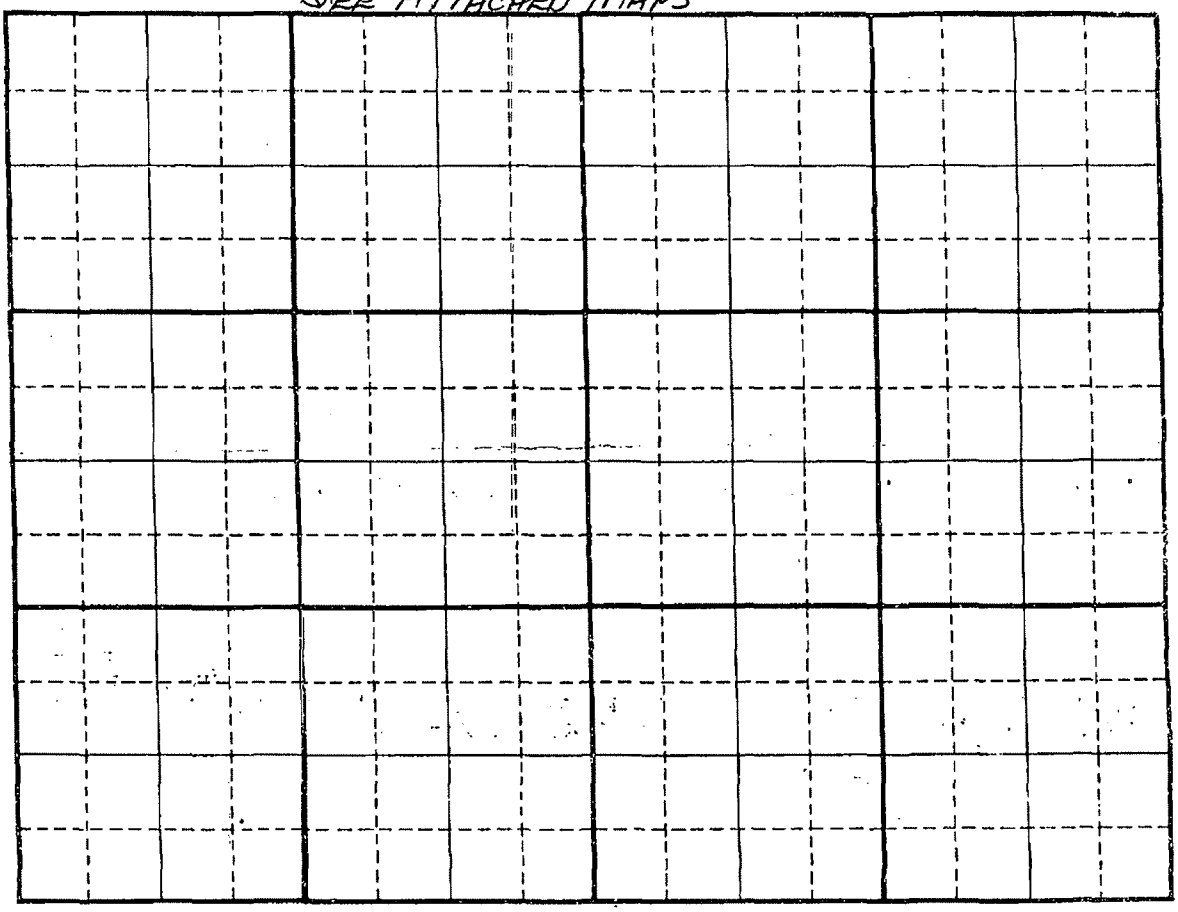

B) If water is used for other than irrigation, fully describe that use, being as specific as possible: _____

NOTE: Include here the type and number of stock watered: _____

(7) If you are claiming water as a member of an organization, list name of organization: _____

IRRIGATED

(8) Remarks SEE ATTACHED MAPS

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

Re: New Snake River Basin Adjudication (SRBA) Claims

Dear Craig:

In response to our three-way telephone conversation with Anita earlier this afternoon, enclosed please find the following:

1. Mann Creek Reservoir: Minutes of meetings on September 15, 1967, and March 7, 1968, together with the pages of the Jefferson v. Higgenbotham case that Debra Stephens brought over to me to prove their priority date. If you need additional information, let me know and I'll see what I can find out. Deb has not been secretary very long and is not very familiar with the documentation they have.

2. Institute Canal Company: A copy of the map created by Danielle Favreau together with a letter signed by John E. Lewallen, President, stating that the service area boundary has been accurately illustrated.

3. Crane Creek Reservoir: A letter from Dean and Velda Fairchild dated July 30, 2005, stating they have no objection to withdrawing Water Right No. 67-2384R.

I know you are probably not the person that should be receiving all of the enclosed, but just wanted to keep everything together. If you have any questions, please do not hesitate to get in touch with me.

Sincerely,

Jacque Wray

Encls.

MANN CREEK IRRIGATION DISTRICT
Minutes of Meeting
September 15, 1967

The meeting was called to order at 8:40 p.m. in the Horner-West Company office. Those present were Clell Williamson, Everett Gunn, Virgil Olson, Lester Panike and Wayne Johnson.

The minutes of the meeting of August 1, 1967 were read and approved as read.

The treasurers report was given. Bank balance was $2,568.34. The following bills were read and approved for payment.

Horner-West Company--phone call by Everett Gunn to Dan Applegate for $5.49.
Mann Creek Store-----plates and pickles for Dam Dedication--$13.50.
Home Dairies---------ice cream for Dam Dedication--$55.00.
Clell Williamson-----lumber used when repairing valve-$8.96.

The board requested the readings, taken on the Mann Creek Ditch gate settings on August 25, 1967, be recorded in the minutes. They are as follows:

25% open	740 inches
36% open	935 inches
50% open	1240 inches
75% open	1420 inches
100% open	1645 inches

The dam was 50% full.

The Board of Directors requested a letter be written the Bureau of Reclamation, bringing to their attention the wet spots that have appeared at the Elton Tarter, Gladys Grace, Pedro Brothers, Clell Williamson, Frank Stirm, Delmer Jones, and Merlin Brent farms; requesting the Bureau to give us a decision whether these places will qualify for assistance.

It was the unanimous decision of the board to write Dan Applegate, United States Department of Interior, Bureau of Reclamation, Central Snake Projects Office, in reply to the letter of September 11, 1967, advising Mr. Applegate that the board will accept the responsibility of getting the periodic readings on the measurement points of the dam at the specified dates; provided, the board is requested by the department each date a reading is required. The board will be instructed by Wayne Johnson and will continue to keep a record on the seepage downstream from the dam at monthly intervals.

It was moved by Everett Gunn and seconded by Virgil Olson that each time the three members of the board were called to a special meeting they would be paid in the same manner as they would a regular meeting. Special meetings at the dam site:

July 10, 1967------testing the works of valves.
August 8, 1967-----checking seepage.

NAME	DAYS	MILES	MEETINGS	TOTAL
Clell Williamson	2 @ $10.00	36 @ 10¢ = $3.60	2 @ $10.00	$43.60
Virgil Olson	2 @ 10.00	50 @ 10¢ = 5.00	2 @ 10.00	45.00
Everett Gunn		40 @ 10¢ = 4.00	2 @ 10.00	44.00

SCANNED
OCT 13 2005

Regular meeting which was held on August 1, 1967.

NAME	MILES	MEETING	TOTAL
Clell Williamson	30 @ 10¢ = $3.00	1 @ $10.00	$13.00
Virgil Olson	25 @ 10¢ = 2.50	1 @ 10.00	12.50
Everett Gunn		1 @ 10.00	10.00

It was the unanimous decision of the board to send thank you's to Bill Brummett, Frank Church, Jim McClure, Don Samuelson, and Harry Nelson; and to put an article in the newspaper thanking all local people and organizations that worked in making the dedication successful.

There being no other business, the meeting is hereby adjourned.

fund and for the Survey of the Settlement Points. He also advised the board that his services would be available to them at any time.

Milton Kerner reported on the District #41 meeting held at Cambridge March 4, 1968 and reported that they had appropriated $350.00 to help pay for the deputy watermaster for the Mann Creek Irrigation District.

Board of Directors turned in bills for the following meetings:
Horner-West Office February 9, 1968
Tour to inspect measuring devises February , 1968
Meeting of District #41 March 4, 1968
Meeting with the County Commissioners February 26, 1968

NAME	MILES	MEETINGS	TOTAL
Clell Williamson	75 @ 10¢ = $7.50	3 @ $10.00 = $30.00	
	$10.50 reimbursement for out of pocket expense on tour		$48.00
Virgil Olson	70 @ 10¢ = 7.00	4 @ 10.00 = 40.00	47.00
Milton Kerner	16 @ 10¢ = 1.60	3 @ 10.00 = 30.00	31.60

There being no further business the meeting was adjourned.

MANN CREEK IRRIGATION DISTRICT
Minutes of the Meeting
March 7, 1968

A special meeting was called to order at the Busy Bee Club House at 8:00 p.m. on March 7, 1968.

There were twenty-six present.

Purpose of the meeting was to discuss measuring devices. Clell Williamson brought up the need of improvement diversions in creek and spillway at end of each ditch.

Frank Kline gave the following report:

Joslin Ditch	44,570 ft.
Mann Creek	15,180 ft.
Adams	7,260 ft.
Webb	20,460 ft.
Hanna	17,160 ft.
Shinkle-Wisherd	9,240 ft.
Gilderoy-Lynch	18,480 ft.
Lund	27,060 ft.
Bradshaw-Payne	15,840 ft.
Jefferson-Ohms	14,520 ft.
Barton	9,240 ft.

SCANNED
OCT 13 2005

A motion was made by Harry Thomas and seconded by Everett Gunn that each lateral form their own association. Motion carried.

There being no further business the meeting was adjourned.

Assistant Secretary-Treasurer

MANN CREEK IRRIGATION DISTRICT
Minutes of Meeting
April 2, 1968

The regular meeting of the Mann Creek Irrigation District was called to order at 8:15 p.m., April 2, 1968 in the office of Horner-West Company.

Those present were Clell Williamson, Chairman; Virgil Olson, Vice Chairman; Milton Kerner, Secretary-Treasurer; Lester Panike, Assistant Secretary-Treasurer; Clarence Bluemer, Dam Superintendent; and Arthur Butts, landowner.

Minutes of the meeting held March 5, 1968 were read and approved as read. Minutes of the special meeting held with the landowners at the Busy Bee Club House March 7, 1968 were read and approved.

The treasurers report was read with a balance of $5,319.61, which includes the $500.00 emergency fund and the $350.00 fund for Survey of Settlement points, which leaves $4,469.61 in the general fund. There were only two delinquent water assessments, Robert Hust and Harold S. Buttell. The treasurers report was accepted as read. The following bills were read: Horner-West Company, postcards $3.75. Horner-West Company, one thousand #10 envelopes purchased through the Grayarc Co. $13.80.

WAGES FOR MARCH	HOURS	MILES	TOTAL
Clarence Bluemer	52 @ $2.00 = $104.00	156 @ 10¢ = $15.60	$119.60

It was moved by Virgil Olson and seconded by Milton Kerner that the bills be allowed. Motion carried.

Arthur Butts presented an aerial map which he obtained from the ASC office showing a total of 116.8 acres under the ditch which could be irrigated. He is presently being assessed for 108.8 acres and requested the board to grant him an additional 8 acres to be included in the district. The board will investigate this possibility and report at the next meeting.

Milton Kerner and Clell Williamson gave a report on the snow survey they attended. It was concluded from the snow survey that there was enough water content in the remaining snow to again fill the Mann Creek Reservoir.

Conditions of Approval:

1. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
2. 135 The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.

Remarks:

Comments:

1. dnarsavage 3/20/2006 Priority Evidence
Comment: As with the Muir vs Allison decree, Dave Tuthill feels that the decree itself is evidence that flood water, when available, was used on the properties to which water was decreed. The Mann Creek Irrigation District considers only lands below diches to be within their boundaries, so the decree can be used as EOP for this claim.

2. dnarsavage 3/20/2006 Correspondence
Comment: Sent a letter and large maps to verify POU on March 8, 2006. Gave deadline of April 10, 2006.

3. dnarsavage 8/23/2006 POU
Comment: The claim is for 4242 irrigated acres. I do not know exactly how MCID arrived at that number, although there are pages upon pages of QQ descriptions and acreages in teh claim file. Live flow is delivered first and foremost as individual rights, decreed in 1921. MCID administers delivery of these individual rights, and in fact defines its boundaries to include all, and only, those lands included in the 1921 decree. In reviewing individual rights in Mann Creek, I developed a shapefile that contains all of these lands as they existed in and around 1987. After several iterations of sharing this data as a map with Gilbert Ball, Jr., an official of MCID, I confirmed that these were the correct lands for MCID claims. This shapefile contains a total of 3810 acres as calculated by XTools in ArcView and in ArcMap. The calculations from each software package were within one acre of one another. This is the number of acres that I will use for total irrigated acres.

4. dnarsavage 8/23/2006 Quantity
Comment: As per conversation with Dave Tuthill (October 17, 2005), we will recommend entire claimed quantity

PURPOSE AND PERIOD OF USE:

PURPOSE OF USE	PERIOD OF USE	QUANTITY
IRRIGATION	3/1 11/15	136.960 CFS

PLACE OF USE:

3810 ACRES TOTAL

The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Statutory Claim

A0017613 – Lynch Ditch POD

Mann Creek (aka Manns Creek) is seen flowing to the right in the background. Water would flow underneath the vantage point of this picture.

5. DESCRIPTION OF DIVERTING WORKS:
HEADGATES & DITCHES

6. WATER IS USED FOR THE FOLLOWING PURPOSES:

PURPOSE:	FROM	TO	C.F.S. (OR) A.F.A.
IRRIGATION	03/15	11/15	136.960

OCT 0 5 1983
MICROFILMED

7. TOTAL QUANTITY APPROPRIATED IS:
136.960 C.F.S. (AND/OR) A.F.A.

8. TOTAL CONSUMPTIVE USE IS ACRE FEET PER ANNUM

9. NON-IRRIGATION USES:

10. PLACE OF USE: P/U WITHIN THE LANDS OF MANN CREEK IRRIGATION DISTRICT (TOTAL AC. IRR. = ~~4254.6~~ → 4233.7 per letter of 12-16-88) WHICH IS DESCRIBED BY THE FOLLOWING LEGALS: (SEE MAP: CROSS-HATCHING DENOTES DESCRIBED 40 ACRE LEGALS)

11. PLACE OF USE: WASHINGTON COUNTY

12. DO YOU OWN THE PROPERTY LISTED ABOVE AS PLACE OF USE? YES

13. OTHER WATER RIGHTS USED:

14. REMARKS

15. BASIS OF CLAIM: STATUTORY CLAIM
