AFFIDAVIT

STATE OF IDAHO)
 : ss.
COUNTY OF WASHINGTON)

CLAIR KIRK, being first duly sworn, deposes and says:

That he is and has been a landowner under the Sunnyside Ditch Company since 1944, and has lived in the area and been acquainted with the ditch, its flow, size, repairs and maintenance since 1917.

That during the time between 1917 and the date of this Affidavit, affiant has made many trips up and down the Sunnyside Ditch including trips to the diversion works located on the Weiser River above the Galloway Dam, and has witnessed the flow of the ditch, the amount of water diverted and the diversion works and has been familiar with them during that period of time.

That affiant to the best recollection recalls that in approximately 1942, the Sunnyside Ditch was enlarged to approximately its present capacity and has been filled to the capacity of the ditch each year prior to 1944 to affiant's recollection and each year thereafter with the exception of the 1977 year.

That during the above period of time, affiant has served as a member of the Board of Directors of the Sunnyside Ditch Company for a period of years and during that time was involved with the management and operation of the company's diversion facilities. That since the enlargement of the ditch in 1942, the number of irrigated acres being serviced by Sunnyside Ditch Company have been approximately the same and the amount and flow of water furnished through Sunnyside

1 Ditch has maintained approximately that same capacity.

2 That affiant is further personally knowledgeable of
3 the fact that the diversion works at the head of Sunnyside
4 Ditch carry an amount of water necessary to service the land
5 which is irrigated under this system and that the water flows
6 through the ditch system and down to the end of the ditch and
7 through a lateral ditch connected to the end of the Sunnyside
8 Ditch, which lateral ditch terminates on the property pre-
9 sently known as the Wendell Walker Ranch. Any water not used
10 during the irrigation season by the users is spilled back
11 into the Weiser River at the end of the lateral ditch on the
12 Walker farm or at a few other locations along the ditch pro-
13 vided for spilling excess water on occasions when the same is
14 not being used. Affiant has a clear recollection of the fact
15 that the ditch has flowed at its capacity at all times with
16 the exception of the 1977 draught year in order to maintain a
17 reasonable flow through the entire ditch system with the
18 further facilities to spill off excess water through the var-
19 ious outlets only at the intervals when the water is not
20 needed through this system.

21 Affiant makes this Affidavit in support of the water
22 rights claimed by Sunnyside Ditch Company for all users
23 within said system.

24 Dated this 1st day of April, 1981.

WALLACE E. AVERETT, being first duly sworn, deposes and says:

That he is and has been familiar with the Sunnyside Ditch Companies water-diversion works, canal and irrigation facilities which supply water to numerous users and that he has been familiar with said facilities for many years.

That Affiant recalls, according to his best recollection, that in 1917 he first rode the Ditch as a substitute ditchrider and of his personal knowledge is acquainted with the diversion works and knows them to be the same as of the date of this Affidavit as they were in 1917, with the exception that the works were enlarged in 1967. Affiant knows that the diversion works and the ditch were located in the same location as at present with virtually no changes other than the enlargement of the system.

Affiant further recollects that he was hired as the ditchrider for the Sunnyside Ditch Company starting in 1968 and continuing through 1976 on an annual basis.

That each day, during the irrigation season, he personally inspected the diversion weir and made a record as to the amount of water being diverted through the Sunnyside System, which record was turned over to Clell Williamson, the appointed Water Master for the Weiser River Water Shed.

RECORDED
INDEXED
JUN 11 1980

That to the best of Affiant's recollection, the readings on the weir guage were examined each day during the irrigation season and were observed to read between the numbers 13 and 17 on said weir and to the best of Affiant's recollection said reading would be an approximate average of 15½ on the weir guage. Although Affiant has no knowledge of how many actual second feet of water was diverted, those records were communicated and delivered to Clell Williamson who has maintained those records and is able to calculate the number of second feet of water diverted through that system during the years of 1968 to 1976.

Affiant also during the above period of time traversed the entire ditch system of Sunnyside Ditch Company and of the extension ditch which is at the end of the Sunnyside Ditch Company ditch which delivers water to parties on both sides of the ditch. Said water has been delivered on both sides of the ditch on a continuous basis during the irrigation season from 1917 to date with the only changes being for the enlargement made by the ditch company from time to time over the past years. The last enlargement, made by the Ditch Company, to the best of Affiant's recollection, was in 1967.

Affiant knows that the water has been applied to lands commonly known as "The Cove Area" on the south side of the Weiser River and East of Weiser. Said lands being so irrigated are those lands which are owned by shareholders of Sunnyside Ditch Company and the water was and has been delivered to those Shareholders, of record, to the best of Affiant's knowledge during all of the time he has been acquainted with this system and Affiant knows that when he became acquainted with the system in 1917, the system evidenced having been used for a number of years prior thereto.

DATED this 11th day of February, 1980.

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that SUNNYSIDE DITCH COMPANY c/o Jacqueline Wray, Secretary
(Name of Claimant) 549-0390 (Office)
Route 2 Box 29, Weiser, Idaho 83672 Telephone No. 549-0682 (Home)
