CONVERSATIONAL MEMORANDUM

Date: April 4, 2006

To: File 67-4580, 67-10364A

From: Craig L. Saxton

Subject: Phone Call regarding letter sent to claimant

Peggy Sheldon called and wanted me to explain the letter I sent her on March 20, 2006 and was worried about the deadline.

First, I told her not to worry about the deadline, but explained that I needed this taken care of ASAP.

67-10364A: I explained was that I felt she didn't claim the full decreed water right that is applicable to her property and that is why I sent her an amended claim. Peggy seemed hesitant as far as amending her claim, but if she doesn't, then that is fine, I will recommend what I can.

67-4580: We then spoke about 67-4580. I discussed how 88 acres of decreed water was applicable to her property (if she amends 67-10364A). She confirmed that she irrigates more than that 88 acres which is supported by the aerial photography.

I asked Peggy if she paid for shares with Little Weiser Irrigation District (LWID). She said she did. I explained that it appears that she claimed a portion of LWID water and I would probably disallow 67-4580 and recommend the water in LWID. She didn't particularly like that idea. I asked her if she paid LWID a ditch maintenance assessment of for actual shares in the company. She again said Shares.

She is going to send me the information on what she is paying LWID. I told her I would look through it and see what I can figure out. For now, based on my conversation with Ms. Sheldon, without further information, I plan to recommend 67-4580 as disallowed and recommended in the name of LWID.

RE: Amendment of Snake River Basin Adjudication (SRBA) claim 67-10364B and Evidence of Priority for 67-4580.

Dear Ms. Sheldon,

As you may know, the Idaho Department of Water Resources is currently in the process of reviewing SRBA claims in your area. During the initial review of the above claims, I ran into a couple of issues that I would like to bring to your attention.

67-10364B:

This claim was filed as a combination of portions of decreed rights 67-465 and 67-466. My research indicates that you own the ground that 67-465 and 67-466 were originally decreed to. In addition, the watermaster delivery records show that the full diversion rate originally decreed in 67-465 and 67-466 is being delivered to you.

I feel it would be to your benefit to amend your claim to claim the full 1.10 cfs (67-465 @ 0.52 cfs; 67-466 @ 0.58 cfs) originally decreed by 67-465 and 67-466.

For your convenience I am enclosing and amended claim. I have highlighted changes in yellow. Note that I increased the acreage claimed to 151 acres. I did this just to make sure that I could recommend all the acreage that I can support. **The final irrigated acreage that will be recommended under this claim will most likely be less than 151 acres.** Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim in front of a notary and return it to this office by **April 7, 2006.**

67-4580:

In September 2000, you were sent a letter asking you to submit Evidence of Priority for claim 67-4580. At this time it appears that no evidence of priority has been submitted.

My initial review indicates that the claimed place of use falls within the Little Weiser Irrigation District (LWID). One question is; Are you paying Little Weiser Irrigation District for delivery of water? If so, then it could be that the water claimed under 67-4580 is water that is already claimed by LWID. If this is the case, then you do not need to provide Evidence of Priority as the claim will be disallowed because it is basically redundant and claims water that will be recommended in the name of LWID.

However, if this is not the case you will need to provide Evidence of Priority showing when the additional acreage claimed first commenced being irrigated, which most likely would be after the Muir vs. Allison (1918) and before LWID filed for flood water that includes your property (1934). For your convenience, I am enclosing a pamphlet that discusses Evidence of Priority. Please respond by April 7, 2006. This is the second and final request for evidence of priority.

Please feel free to contact me if you have further questions.

Respectfully submitted,

Change of Ownership

Dear Ms. Sheldon:

We are in receipt of the change of ownership for the claims to a water right referenced above. These rights were determined from the legal description supplied on the warranty deed. In reviewing the change form and the warranty deed submitted, it appears that you do not own all of the lands to which the claims were filed.

Claims A67-00458A and A67-00496A are totally included in the legal description supplied on the deed. Copies are enclosed for your review.

Claims A67-10364 and A67-04580 are not described in their entirety on the deed. These two claims have been split to reflect the lands described on the deed, and are now numbered with the suffix A and B. Please review them carefully and if they do not appear to represent the water rights you acquired in the purchase, you will need to contact this office and supply additional documentation to show your portion of the rights. You have been assigned the numbers A67-10364B and A67-04580B. The remaining portions of these two rights have been assigned A67-10364A and A67-04580A and remain in the name of Don and Ester Moritz.

If the enclosed does reflect your water rights, please retain the copies for your records. If it does not, please
