In the database - on the Host Temp - there was a claim for A67-07153A just in the name of William Roe. I checked all locations for an orig. of this claim - checked receipts & no receipt for Roe for this #. There was a receipt for a g.w. domestic claim. This claim include Roe & is for the entire water right, so I deleted the A67-07153A & data entered this claim for the entire right which is what is claimed - no splits.

Remarks:Comments:

1. mmount 9/27/2006 POU

Comment: It appears by looking at the aerial photography that the pou was licensed in the wrong qq. The original licensed pou is in the senw but the aerial photos show that the land most likely was not irrigated and it actually should have been in the nwse. The pou recommended is in the nwse. If this isnt correct then it should become resolved during the notice of error period.

2. mmount 9/27/2006 POD

Comment: Also moved the pod to the qq in which it appears it should have been licensed. Again if this is incorrect it should be resolved during the notice of error.

3. csaxton 10/28/2006 Source

Comment: Source is actually Unnamed stream tributary to Weiser River. The actual source was incorrectly described on the license and did not actually change.

4. csaxton 10/28/2006 POU

Comment: License 67-7153 appears to have been licensed in the wrong POU. The licensed POU is in the SENW but evidence indicates that use is and has always been in the NESW and a little in the NWSE. The licensed POU is on state land and there is an obvious subdivision south of it in the NESW, NWSE. Making this change affects the change of ownership submitted for 67-7153C.

Re: Data Entry Error, Claim A67-07153A

Dear Meredith and Jerri,

1. I made a DATA ENTRY ERROR for the CFS total on ITEM 6 and ITEM 7 on the claim copy sent to you with letter dated January 4, 1996.
2. The ownership change for your portion of this right was for 80% of 0.04 CFS that was originally licensed.
3. A decimal point was incorrectly placed and shown as 0.32 CFS on your claim copy.
4. The corrected decimal place should be: 0.032 CFS.
5. Please disregard the 01/04/96 copy and replace it with the attached corrected copy dated 04/04/96.

Please feel free to contact me if you have any questions concerning this claim or this letter.

Sincerely,

Ron Howerton

Dear Meredith and Jerri,

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right A67-07153. This change of ownership required a split of the original claim resulting in renumbering this claim by adding alpha suffixes to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time. You will be notified of any future action taken on this claim.

*** Claim No. A67-07449:

1. Also enclosed is a copy A67-07449 which reflects the CHANGE IN OWNERSHIP of the lands and appurtenant water rights covered by this claim.
2. The Department will contact you in the future concerning any requirements that may be needed in order to process this claim for final court decree.

Please feel free to contact this office if you have any questions concerning your claims or this letter.
