Remarks:Comments:

1. mmount 9/27/2006 POU

Comment: Although I think that the acres were probably licensed in the wrong qq I do not know where the remaining 10 percent of the license belonging to the Roe s is . So I have recommended this claim as licensed in hopes that if it is incorrect it will be resolved during the notice of error period. However based on the shapes and pods recommended for the other 2 splits it would appear that there are several pod s in which according to my knowledge there are not.

2. csaxton 10/27/2006 Incorrect License

Comment: License 67-7153 appears to have been licensed in the wrong POU. The licensed POU is in the SENW but evidence indicates that use is and has always been in the NESW and a little in the NWSE. The licensed POU is on state land and there is and obvious subdivision south of it in the NESW, NWSE. Making this change affects the change of ownership submitted for 67-7153C.

3. csaxton 10/27/2006 Ownership

Comment: Assuming that 67-7153 was licensed in the incorrect legal description means that the claims are all claimed in the wrong legal description. That being the case, then a change of ownership filed on property where the claimant is actually using the right will not be able to submit the appropriate documentation to change ownership because use is different than claimed. Since the recommendation will be made showing the POU in the correct legal description, or where it is actually being used, then I will change ownership on the recommendation and not the claim.

4. csaxton 10/27/2006 Source

Comment: Source is actually unnamed stream that is trib to the Weiser. This never changed either, it was incorrectly described.

HC 64 BOX 3440
COUNCIL ID 83612

Dear William and Esther,

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This change of ownership required a split of the original claim resulting in renumbering this claim by adding alpha suffixes to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time. You will be notified of any future action taken on this claim.

Please feel free to contact this office if you have any questions concerning your claim or this letter.

In the database - on the Host Temp - there was a claim for A67-07153A just in the name of William Roe. I checked all locations for an orig. of this claim - checked receipts & no receipt for Roe for this #. There was a receipt for a g.w. domestic claim. This claim include Roe & is for the entire water right, so I deleted the A67-07153A & data entered this claim for the entire right which is what is claimed - no splits.
