MEMORANDUM

TO: ADJUDICATION STAFF
FROM: DANIEL A. NELSON
DATE: 1/2/2001
SUBJECT: OFFICE DAY CALL

On Friday 12/29/2000 I received an office day call from Jerry Lundsford. According to Mr. Lundsford Sally Sherman had sent him a bunch of forms to sign and asked him to call the Western Region to find out what the fees were for the adjudication claims. I was not able to determine at this time what forms or what fees Mr. Lundsford needed to pay, so I called Sally Sherman to find out what was exactly going on. Sally was not in the office, so I left a message.

Monday, 1/2/2001, Sally Sherman called me back and we discussed this matter. Sally told me that she did not tell Mr. Lundsford to call the Western Region office to determine the fees, but told him to call the Western Region office to set an appointment to discuss his claims and determine what he wanted to file for and what he needed. Supposedly, Mr. Lundsford wanted to file an adjudication claim for his permit. My research shows that this permit has a 1990 priority date and proof was filed in 1997. I do not know if water rights can be filed for in the adjudication that were not developed after 1987. This does look as though an office visit is needed to determine what is needed and what rights will need or can have adjudication claims. Sally said that he has not paid any fees for his adjudication claims at this time. This may need to be taken care of during the appointment.

I called Mr. Lundsford back on Monday, 1/2/2001 and asked him to give me a call back and let him know what I have learned. I will let him know that a visit with an adjudication agent would be in his best interests at this time. He will need to go over his rights and determine what will be his best plan of action. I will be available to sit in on this meeting if needed.

Copies of Mr. Lundsford's water rights are attached to this memo.

Called Mr. Lundsford on 1-16-01
and told him that I research
shows that everything seems
OK!

An application for amendment of permit was filed to change the
place of use to allow a ppu of 40 acres within a total land
base of 125 acres.
The original permit was for 90 acres and a diversion rate of 1.80

proof of beneficial use was filed in 1990. The amendment
approval will limit the irrigation to 40 acres per season and a
diversion rate of 0.80 cfs.
