Remarks:

Comments:

1. segbert 4/2/2004 POU

Comment: Could not verify the POU because there is no map of it.

2. segbert 4/2/2004 Water Use

Comment: The license has irrigation and the claim has domestic

3. jdean 10/31/2006 POD

Comment: The location of this POD was estimated based on 2004 aerial photography and may be in the incorrect location.

4. jdean 10/31/2006 Change in Purpose

Comment: This right was licensed for 1 acre of irrigation. The claim was filed for domestic use with the comment, "domestic lawn irrigation". The recommendation was for 1/2 acre of irrigation (as per domestic standards) under a domestic use. The condition for a change in purpose of use was added based on the difference between the license and claim not because the actual use of the water has changed.

5. jdean 10/31/2006 Season of Use

Comment: The season of use was recommended as per license.

6. jdean 10/31/2006 Quantity

Comment: The diversion volume from the license was retained. The N13 condition was added that limits the right to 13,000 gallons per day. This was determined useful in defining the water right as a small domestic right.

7. jdean 10/31/2006 POU

Comment: The POU for this right was found to be partially in SENE where it is licensed and partially in SWNE. This appears to be where the right has always been situated and therefore no condition about an accomplished change in the POU.

8. jdean 10/31/2006 Present Owner

Comment: The Andersons could not be found as owners in this quarter quarter, so the address of the claim was matched to the tax lot ownership and the parcel data included in the claim. The current owner based on the tax lot data was added as a present owner.

_____ Item #4 - The point of diversion appears to be incorrectly described or not described at all. Based on other information provided which included your legal description, we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, enclosed is a copy of the subdivision map from which we computed the quarter-quarter legal description.

_____ Item #5 - No description of diverting works was listed. Because the source was described as a groundwater source, we have completed this item with well, pump and pipeline. If your groundwater source is not a well, please notify us.

_____ Item #6 - The period of use is not listed for the use(s) claimed. The Department has recommended periods of use for certain uses. The recommended period of use has been added to your claim.
