RE: Water Right Nos. 67-07470 and 67-07471

Dear Permit Holders:

Water Right Permits 67-07470 and 67-07471, which were issued to you a number of years ago, are in the process of being licensed. As part of the licensing review process, we have issued the enclosed Order Removing Condition of Approval for both rights and the enclosed Order Advancing Date of Priority for right 67-07470. During the licensing review process it was also noted that before licenses can be issued your permits must be amended to depict your water uses as they were actually developed.

I have enclosed Application for Amendment forms which contain information that will be included on your licenses when they are issued. The amendment forms include changes in the point of diversion and place of use locations for each right. The last page of each Application for Amendment form contains a list of CONDITIONS and REMARKS proposed for the license when it is issued. These conditions and remarks may be modified upon further administrative review.

Please review the amendment forms carefully. If you concur with the information presented, sign the forms and return them with the \$100 (\$50 each) filing fee within fourteen days.

If you have any questions about this information, please contact me at (208) 327-7946 in Boise.

Sincerely,

Shelley Walter Keen
