RE: Notice in change of Water Right Ownership for Snake River Basin Adjudication (SRBA)
recommendation 67-7479

Dear Sirs,

The Idaho Department of Water Resources received the completed Notice of change in Water Right Ownership for you submitted regarding water right 67-7479.

The deeds submitted with the change of ownership show only partial ownership of the place of use described under 67-7479. My question is were you meaning to have the water right split? Basically putting your name on one portion of the water right and leaving the list of owners the same on the rest of the water right? If your intent is to remove all the names on the water right except yours (and to add Gordon's?) please submit deeds showing ownership of all the place of use described under 67-7479.

The second question is that the change of ownership form appears to request that all the names on the water right except C. Russell Wilkerson be removed and Gordon Wilkerson should be added. However, Gordon does not appear as an owner on any of the deeds submitted. Is the intent to add Gordon onto the water right per Russell's request? Please clarify.

For your convenience, I am returning the change of ownership packet you sent for your review. When you are ready, please re-submit the packet along with any other deeds required or a written explanation of what you are requesting be done with water right u67-7479.

Please feel free to contact me if you have questions.

Respectfully

Re: Assignment of Permit for permit 67-7479

Dear Jan,

I am very sorry to bother you again but we have a new issue with changing ownership on right 67-7479 that I did not catch.

The situation is this: You filed a change of ownership on Snake River Basin Adjudication (SRBA) claim/recommendation 67-7479. We have documentation to change ownership on the SRBA documents for 67-7479. However, this "right" is still in the permit stage. In short, when the permit is finalized and becomes a license, that action will overwrite the SRBA records with whatever information is on the Permit.

The permit is currently in the name "Wilkerson Brothers". When the permit is licensed, this will change your water right (all records) back into the name Wilkerson Brothers.

So, instead of filing a "Notice of Change in Water Right Ownership", Russell and Gordon need to submit an "Assignment of Permit". This requires that the current party on the permit (Wilkerson Brothers), agree to assign the permit to the new owners (Russell & Gordon, etc).

I am REALLY sorry that I didn't catch this sooner. I am sending you a copy of the Assignment of permit. I do not usually deal with assignments of permit so I am going to direct you to Shelley Keen (287-4947) or Pam Skaggs (287-4951) if you have questions.

I will be out of the office from March 8 through March 19th but if you have further questions, I will be happy to go over it with you at that time.

Again, I am sorry about all the paperwork. I am sure you just want to get this taken care of.

Respectfully submitted,

Craig L. Saxton
