Dear Mr. Director:

I recently wrote to you requesting an extension of time to file an adjudication claim. My request was denied. I did a poor job of explaining my reason for missing the deadline date. I am writing to request you to reconsider your decision and to give you a better explanation.

From October of 1988 to March 1990, we lived in Canada temporarily. Our mail was picked at the end of each week by a friend, sorted, and selected mail forwarded to our daughter in Salt Lake. She paid our bills, stored some mail for us, and forwarded important mail on to us in Canada. Hence, not all mail reached us and that mail that did reach us was often delayed by a month or more.

During this same period, the water adjudication proceedings began. I have two separate water rights on Snake River Drainage water; one with the Sorenson-Rinehart ditch, and a second one obtained in 1987 on well water. The Sorenson-Rinehart people said that they would take care of everyone's claims for that water claim, but I would receive documents from them from time to time to fill out, affirm, or sign and have notarized, etc. At the same time I was receiving documents from your office on both claims. I was never quite sure what to do with most of these documents. All were a month or more late in getting to me. Do I forward the Sorenson-Rinehart documents to the ditch office or do they already have their own copies? Some documents were not clear which claim they pertained to, who was taking care of these? What happens if I miss just one of these documents that are being sorted by different people? Does that mean that I will lose my water rights? It was an uncertain and insecure system from my standpoint.

In July 1989 I received a document from your office entitled PROTECT YOUR WATER RIGHT! IMPORTANT WATER RIGHTS INFORMATION. It apparently pertained to both water rights. I called the Sorenson-Rinehart ditch people and was assured that they would take care of those water rights for me. I then called your office and talked to a woman there (I do not have her name). She told me that since I had just recently proven up and obtained the well water right that I did not have to refile on it. I felt relieved that both water rights were taken care of, but as time went on I kept worrying that all may not be taken care of. On November 3, 1989, to relieve the worry, I wrote to your office about the matter. My letter was not answered until May 1990 by a Mr. Shaff, who apologized for the delay and advised me to request

RE: Snake River Basin Adjudication (SRBA)
Adams County - Notice of Claim #A67-07575

Dear Mr. & Mrs. Raleigh:

I apologize for the delay in responding to your letter of November 3, 1989.

As you know, a claim for the Sorenson-Rinehart ditch water was submitted after you signed it in December, 1989. I talked with the supervisor of the adjudication staff in Western Region on May 1, 1990, who said she was meeting Sorenson-Rinehart officials the same day about the claim filings.

A claim form prepared from Department records is enclosed. Please review this claim form carefully. If this claim accurately reflects the water right, please sign, have your signature notarized, and return. The fee is \$54.00 unless the four acres are the same acres covered by the ditch water, in which case the fee is \$50.00.

I have enclosed a Request for Extension of Time which you should also submit to avoid the late fee assessment, explaining that no reply was received to your November 3, 1989 letter until now.

Please don't hesitate to call if you have further questions or concerns.

Regards,

Dear Sir:

I just received my 2nd notice of the pending General Adjudication of Rights to the Use of Water From the Snake River Basin Water System. I own two separate water rights for use of water in the Snake River Basin. I own 2.5 shares in the Sorenson-Rhinehardt Irrigation District at Council, Idaho. It is my understanding that the Irrigation District Office is filing for me for these shares. Is that correct?

I also own water rights for domestic water and pasture irrigation from a well on my property in Council, Idaho. I filed for these water rights about 6 years ago and the rights were granted or approved about 1 year ago. ~~When~~ I am presently living in Canada and will reside here until March of 1990. When I received my first notice, I called your office and was told that I did not have to reapply for a water right "Notice of Claim" since my water right to the well water had been granted in 1989.

Is that correct? Please let me know what I need to do to fully protect both water rights as I do not want to lose them.

Sincerely,

Robert F. Raleigh
