4. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Remarks:Comments:

1. csaxton 10/26/2006 Priority

Comment: Recommending priority date of the property patent despite that it does not say anything about water. The reason for this is that unlike other properties in the area that are close to the Little Weiser River, this property is isolated and the only water available would most likely been the springs. In order to settle this ground, they would have had to use the springs.

2. csaxton 10/26/2006 Source

Comment: Field exam by Roger Meyer on 5-12-05 did not find waste water as a source.

Dear Mrs Van Bussum;

It is my understanding that the Water Rights in question were adjudicated to the land NOT the individuals. Dale and I have used these Water rights for the last 30 (Thirty) years and we are the ones who have paid the Assessments on them. Greg and Mark Coriell have never paid one dime on them. We already own Valeries portion of the Land and Water Rights since August 18, 2004.

The other undivided one/sixth each owned by Greg and Mark are in litigation at the time and should be settled by the end of the month. Therefore we cannot cannot send you papers we do not have.

This part was written before we contacted you in August. We did Not get any papers till after I visited with you. I'm enclosing a copy of each Quit Claim Deed, Which has been Recorded in Adams County Court House.

Please Remove Any reference to Greg, Mark, Valerie or Elsie Coolleen Coriell From our Water Rights and I'm sure there are more than one Water Right with them on there.

Thank you for your time extension on this matter.

Yours Truly

I understand this evidents will only get us back to 1907. They Built the house on the land and cleaned out the springs before that. They came in 1882 to this area. I'M enclosing proof of this. And of course it would have been under William Henry or Sarah Coriell. Bill coriell was only 12 year old at the time the Autograph book was signed for Susie Lindsay and Jake was younger that he is.

## MEMORANDUM

Date: August 11, 2005

To: File

From: Monica Van Bussum

RE: Phone conversation with Wanna Belle Coriell today at 9:30 am

SRBA claims 67-410, 67-444, 67-4552, 67-10060, 67-10061, 67-10062, 67-10067, 67-10081, and 67-10082

I sent a note to the claimants of these files about their apparent ownership dispute on 08/05. The note simply asked them to clarify ownership with a deed or similar paperwork.

I received a phone call this morning from Wanna Belle Coriell in regards to the letter. Apparently, this is a complicated family situation and the ownership dispute has been in litigation since the early 1980s.

While the letter I sent was specifically about 4552 (I hadn't found the other disputed files yet), we discussed the above-listed files in general.

In regards to 4552, Wanna Belle was worried about the priority date. The priority date claimed is 1930. Wanna Belle says any files she filled out for them individually she put an 1880s priority date on and anything from the 1930s should be Little Weiser Irrigation or Indian Valley Reservoir. She read me something from the Little Weiser Irrigation District about the Wanna Belle/Dale's specific water from the District dated 1935. We were unsure if this was proof that 4552 should be included in Little Weiser's claim. After speaking with Craig, we have decided to wait until Dave and Anita are done with the irrigation companies before pursuing this issue. Wanna Belle was quite insistent that she has all the tax information and proof they've paid taxes on the Weiser Irrigation water and the other claimants (Coriell/Coriell/Champion) have paid no taxes on the land or water.

As far as the property ownership itself, Wanna Belle says she and Dale own 2/3 of it at this point and Valerie Champion sold her portion in the late summer/fall of last year. We do not know if Valerie sold her portion to Greg/Mark or to an as-yet-unnamed third party. Valerie also apparently no longer resides at the address we have for her in Rigby and, according to Wanna Belle, Valerie no longer wants contact with the two Coriells she's listed with on the claim (Greg/Mark). Valerie apparently now lives in Adams County.

At this point, Wanna Belle reiterated the “boys” (presumably Greg and Mark) have no paid taxes or water rights for over 20 years. Dale’s brother, Tom, was the original owner of the “undivided interest” and, when he died, his wife Colleen (presumably the Elsie Colleen mentioned in other claims) probably filed the disputing claims. This would make Greg and Mark Dale’s nephews.

Wanna Belle said they have a court date on the 18<sup>th</sup> of this month for the final settlement of the dispute. I asked if she could, at that time, send me the paperwork regarding settlement of the dispute along with any resulting warranty deeds showing ownership of the property. She did make a point in the conversation to say the water belongs to the lands, not the individual, to which I replied that is true, but to make a recommendation in a case where I have two claimants claiming the same land, I need a deed to establish ownership of the property and thus the water right.

At the end of the conversation, Wanna Belle was in good spirits and promised to send any paperwork she had this way for clarification of property ownership.

So, at this point, it seems we are just waiting on further communication from Wanna Belle about the settlement of the ownership dispute before we can move on to field exams and recommendations. Once ownership is cleared up, we should be able to proceed. I did explain to Wanna Belle that she will probably be getting more documentation from me/us as we get the gears moving for the Weiser basin. I had evidence of priority specifically in mind since I’ll be sending those letters soon.

I have a sense this process is causing some agony in your offices. The idea of getting together later this month is bouncing around, and a part of the agenda will include amendmennts to Chapter 14. One of those amend. is change of ownership. In tandem with the legislation, I would like to get a handle on what is causing the agony. My idea to accomplish this is for you to bring a couple of examples each to present to the group. Otherwise we talk in generalities and continue with the status quo of operation. Something is not right is obvious. Let's identify the something(s) and change it. Ideally, rather than hold the examples 'til we meet, try to solve the current headaches and rely on new ones coming in the door for examples. Thanx and see ya later.
