IDAHO DEPARTMENT OF WATER RESOURCES
PRELIMINARY RECOMMENDATION OF WATER RIGHTS ACQUIRED UNDER STATE LAW

RIGHT NUMBER: 67-10067

NAME AND ADDRESS: WANNA BELLE CORIELL
PO BOX 42
INDIAN VALLEY ID 83632

DALE L CORIELL
PO BOX 42
INDIAN VALLEY ID 83632

SOURCE: GROUND WATER

TRIBUTARY:

QUANTITY: 0.070 CFS

The quantity of water under this right shall not exceed 13,000 gallons per day.

PRIORITY DATE: 06/01/1908

POINT OF DIVERSION:

T14N R01W S23 SWSWNW Within ADAMS County

PURPOSE AND
PERIOD OF USE:

<u>PURPOSE OF USE</u>	<u>PERIOD OF USE</u>	<u>QUANTITY</u>
DOMESTIC	01/01 12/31	0.040 CFS
STOCKWATER	01/01 12/31	0.030 CFS
Domestic use is for 1 home.		

PLACE OF USE: DOMESTIC Within ADAMS County

T14N R01W S23 SWNW

STOCKWATER same as DOMESTIC

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

The quantity of water decreed for this water right is not a determination of historical beneficial use.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

Parcel #: RP14N01W233800A

Stockwater use is for 60 mixed stock.

6. N11 The quantity of water decreed for this water right is not a determination of historical beneficial use.

Remarks:Comments:

1. csaxton 10/26/2006 D&S only

Comment: Evidence of priority does not support that the well irrigated one full acre in 1908. Recommend domestic and stock water use. Additional evidence other than deeds and proof that the land was inhabited will be needed to recommend greater than one acre.

Page 1

This well was drilled in 1908 to replace the dug well by the barn, which was contaminated when the river ran through the barn yard during high water time.

This well is by the house that was built in 1906, after the house behind the out buildings burned to the ground. Dales Grandfather J.W. Coriell had it drilled. They later added to the house in 1916, and the well is under the back porch, so unless something goes wrong with the foot-valve we don't intend to tear up the floor so we could measure how deep the well is. It is an artesian well.

J. W. Coriell died two years before Dale was born, His dad is Harold J. Coriell died in 1977. He was born in 1908. Dale was born 9-2-35. Our last name is spelled several different ways on the old records (Coriel, Corriel, Corriell Corieli Corrieli) It Appears that J. W. Coriell and Agnes Coriell bought this land that the well is on from James I and Flora Linder. Who Bought it from Sloan (Solon) Hall Who homesteaded it in August 4th of 1880. This time the sale was to Jacob and Agnes Correll another spelling. Anyone who can verify this statement has been deceased for some time. Dale was born in the above named house as was his dad. His dad and Grandfather also died in this house. J.W. is Jacob Wesley - Harold J. is Harold Jacob. Harold didn't like Jacob Harold so he had it legally changed to Harold Jacob.

I've asked the oldest people still living who knew all these people and even they can't verify these facts. They are in their 90's and Dale is just 70 and I'm about to be 68.

copy of
ENC.
We do have proof that the Coriell Family was here in 1883. Bill Coriell (William H. Coriell Jr.) wrote in Susie Lindsays school Autograph book on Feb. 15th 1883. William is Jacobs Brother. Bill was 12 year old at the time. The Family came to Indian Valley after my family wrote to them in 1882 that they could make a living in the Valley MY maiden name is Woods My Grandfather Homer Blain Woods was born here on 4 April 1882. Susie Lindsay is Leander Lindsays Sister. Who part of the place was bought from. Susies married name is Haworth. All the above but Dale is Burried in Indian Valley Cemetery. We were told that we cannot use the Cemetery Headstone pictures as records, but there is no one living who can testify to anything. Dale is still alive.

I can't tell one thing from your maps. I can enclose a map that I can find something on and you can transferr it to the map you have if you understand your map.

The Reason these Water Rights go through The C. Ben Ross Reservoir is they took out our ditches when they put the C. Ben Ross Reservoir in 1933. our water came through the Coriell Anderson Linder Lindsay Ditch and The Woods Lindsay Ditch and the head of the Grays Creek Ditch. You can still see where parts of these ditches ran. When the reservoir Was filled the ditches that were right above it would no longer hold the water in the sandy soil, so they quit using them and ran the water through The reservoir and canals. The Land that was higher had to have the water pumped upon it. We do have a pump in the Canal and pipe to go with it.

67-4552

This was filed because we were supposed to get early irrigation water and stock water early, which Harold said we did till they put in the reservoir. They were supposed to let this water through the reservoir canals. This was honored for several years, but now they don't want to.

SCANNED

OCT 12 2005

67-4552 Copsy

I have the original homestead papers from Solon Hall. the copy of the Deed to James H Linder from Selon. A copy of The Deed from James I and Flora Linder to Jacob Cerrel and Agnes Cerrell(Should be Coriell) Harold inherited this property from his dad Jacob Coriell. Harold sold it to Dale and Tom in 1965 for \$10.00 each. We, Dale and I, Bought it from his children, Tom's Children, This property has been in the Coriell Family for 100 Years. As far as we can find the water has always been used and still is being used by us.

67-10061

This Water is waste water from the neighbor in Section 23 that crosses the road to Section 22. it mixes with our ditches and we don't want to have to put in more headgates to seperate it out. We are required to take care of their water run-off. This water has been there for as long as anyone can remember and has ran down off of the hill. The road didn't used to be wher it is now. We took out part of the old wooden bridge which would hav caused the road to go behind our house. The current road bees in front of our house and orchard. Our house has only been here since 1972

67-10062

These springs have been used in the spring and summer as Stock water as long as the place has existed because there is no other place they can go. Early in the year they do run into the canal now, but before the canal was there this water ran on down on the rest of our ground. They would be very difficult to take off of this land as ther is only drain ditches half filled in to let it seep for irrigation Again we denot Want to be forced to ditch this off of our land.

#

67-10061

This again is Waste water from the neighbor that we are forced to take care of and it runs into our ditches whenever they irrigate as our ground is lower than theirs. We don't want to be forced to seperate this from our regular reservoir and adjudicated water. It cannot go any other place but where it does. We do use this water and so did Harold.

#67-10082

This is our own waste water that we reuse on and encludes tha water we were supposed to have from the Water Rights of Leander Lindsay. Jacob Coriell bought this land from him and we still have the Water deeds Leander gave him when he sold the land to him. (copy enclosed) There again these ditches were taken out when the reservoir was put in.

MEMORANDUM

Date: August 11, 2005

To: File

From: Monica Van Bussum

RE: Phone conversation with Wanna Belle Coriell today at 9:30 am

SRBA claims 67-410, 67-444, 67-4552, 67-10060, 67-10061, 67-10062, 67-10067, 67-10081, and 67-10082

I sent a note to the claimants of these files about their apparent ownership dispute on 08/05. The note simply asked them to clarify ownership with a deed or similar paperwork.

I received a phone call this morning from Wanna Belle Coriell in regards to the letter. Apparently, this is a complicated family situation and the ownership dispute has been in litigation since the early 1980s.

While the letter I sent was specifically about 4552 (I hadn't found the other disputed files yet), we discussed the above-listed files in general.

In regards to 4552, Wanna Belle was worried about the priority date. The priority date claimed is 1930. Wanna Belle says any files she filled out for them individually she put an 1880s priority date on and anything from the 1930s should be Little Weiser Irrigation or Indian Valley Reservoir. She read me something from the Little Weiser Irrigation District about the Wanna Belle/Dale's specific water from the District dated 1935. We were unsure if this was proof that 4552 should be included in Little Weiser's claim. After speaking with Craig, we have decided to wait until Dave and Anita are done with the irrigation companies before pursuing this issue. Wanna Belle was quite insistent that she has all the tax information and proof they've paid taxes on the Weiser Irrigation water and the other claimants (Coriell/Coriell/Champion) have paid no taxes on the land or water.

As far as the property ownership itself, Wanna Belle says she and Dale own 2/3 of it at this point and Valerie Champion sold her portion in the late summer/fall of last year. We do not know if Valerie sold her portion to Greg/Mark or to an as-yet-unnamed third party. Valerie also apparently no longer resides at the address we have for her in Rigby and, according to Wanna Belle, Valerie no longer wants contact with the two Coriells she's listed with on the claim (Greg/Mark). Valerie apparently now lives in Adams County.

At this point, Wanna Belle reiterated the “boys” (presumably Greg and Mark) have no paid taxes or water rights for over 20 years. Dale’s brother, Tom, was the original owner of the “undivided interest” and, when he died, his wife Colleen (presumably the Elsie Colleen mentioned in other claims) probably filed the disputing claims. This would make Greg and Mark Dale’s nephews.

Wanna Belle said they have a court date on the 18th of this month for the final settlement of the dispute. I asked if she could, at that time, send me the paperwork regarding settlement of the dispute along with any resulting warranty deeds showing ownership of the property. She did make a point in the conversation to say the water belongs to the lands, not the individual, to which I replied that is true, but to make a recommendation in a case where I have two claimants claiming the same land, I need a deed to establish ownership of the property and thus the water right.

At the end of the conversation, Wanna Belle was in good spirits and promised to send any paperwork she had this way for clarification of property ownership.

So, at this point, it seems we are just waiting on further communication from Wanna Belle about the settlement of the ownership dispute before we can move on to field exams and recommendations. Once ownership is cleared up, we should be able to proceed. I did explain to Wanna Belle that she will probably be getting more documentation from me/us as we get the gears moving for the Weiser basin. I had evidence of priority specifically in mind since I’ll be sending those letters soon.

Subj: OWNER CHANGES

I have a sense this process is causing some agony in your offices. The idea of getting together later this month is bouncing around, and a part of the agenda will include amendmennts to Chapter 14. One of those amend. is change of ownership. In tandem with the legislation, I would like to get a handle on what is causing the agony. My idea to accomplish this is for you to bring a couple of examples each to present to the group. Otherwise we talk in generalities and continue with the status quo of operation. Something is not right is obvious. Let's identify the something(s) and change it. Ideally, rather than hold the examples 'til we meet, try to solve the current headaches and rely on new ones coming in the door for examples. Thanx and see ya later.

MICROFILMED
OCT 23 1996

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO,
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
