Conditions of Approval:

1. N09 The quantity of water decreed for this water right for domestic use and stockwater use is not a determination of historical beneficial use.
2. N14 The quantity of water under this right for domestic and stockwater uses shall not exceed 13,000 gallons per day.
3. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
4. X01 Domestic use is for 1 home.

Remarks:Comments:

1. mvanbussum 10/26/2006 POU

Comment: Recommended POU is slightly northwest of the POU found in the field exam conducted on 5-25-2005. Based on available imagery from 1987 and 2004, the house and irrigated ground are in the recommended POU, not that found in the 2005 field exam.

2. mvanbussum 10/30/2006 Period of Use

Comment: Recommended IDWR standard season of use for all water uses. Claimed SOU for stock and domestic was 04/15 to 10/15.

3. mvanbussum 12/12/2006 NOE Priority Date

Comment: Per NOE process, claimant stated priority date should be 1903. Statutory claim said 1910. Affidavit and conversation with Larry Boehm provide evidence of irrigation since 1946. Claimant did not supply further evidence of priority. No change to recommendation. Claimant mentioned Forest Service easement and homestead date. Neither is in file and neither is typically sufficient to establish beneficial use for irrigation.

4. mvanbussum 12/18/2006 NOE Priority Date 2

Comment: Per NOE process, claimant provided documentation from Forest Service showing existence of ditch from King Hill Creek to this property April 22, 1924. Recommended priority date as 4-22-1924. Documentation is scanned in Docs.

Telephone Number: (208)256-4331

RECEIVED

DEC 11 2006

DEPARTMENT OF
WATER RESOURCES

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

the priority date is 1903 For water Right no. 67-10134. (1946 is not right) I don't know where you got it but it's wrong. You have copies of my Forest Service easement in your records somewhere. The Homestead date and easement date is 1903

2. Describe the changes you wish to make in the proposed recommendation:

I have lost my hearing and need someone to talk on phone for me. So let me know what you need to do if we can't do on the phone I'll come down to see you (thanks)

3. Give a brief explanation as to why you disagree with these portions:

my wife passed away last year and I have been working with Sally on taking her name off and putting my son's name on so may have to come to your office anyway.

☐ I AGREE with this proposed recommendation; no changes need to be made.

RESPONSE DEADLINE
SEPTEMBER 16, 2005

Re: Evidence of Priority Date

Dear Claimant:

The Notice of Claim to a Water Right (claim) identified with the number(s) shown above your name has been filed in the Snake River Basin Adjudication (SRBA). The claim indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed. **Proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.**

Enclosed you will find a computer printout of your claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. A map of the general area stated in your claim is also enclosed. If you irrigate, please outline the location of lands irrigated based on your claim, as well as the location of any points of diversion, if possible. If you have a claim other than irrigation, please outline the location of your place of use (i.e. house) and note the location of wells or other points of diversion. Please submit the completed map along with your evidence of priority. This will assist me in making a more accurate recommendation of your claim(s).

PLEASE NOTE: If no evidence is submitted, IDWR will recommend the SRBA Court decree the claim be disallowed. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date and the historic use by the date shown above, referencing all documents with the corresponding claim number. Send the documents in the enclosed envelope to assure it arrives at the correct location. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. You can contact the Basin 67 team via e-mail at B67questions@IDWR.idaho.gov. If you wish to call, our toll free number is 1-800-451-4129.

If you no longer own the property to which the claim is appurtenant, please forward this correspondence to the present owner, or return it to Idaho Department of Water Resources (IDWR). If you have received this correspondence from the previous owner of the property, it is recommended that you file a Change of Ownership form with IDWR in order to receive future mailings and to participate in the Adjudication.

Sincerely,

Craig L. Saxton
Sr. Water Resource Agent

Larry L. Boehm

being first duly sworn,

deposes and says:

I have been using said water primarily
for stock water and if I have a good water year I irrigate
(one time) what hay I can with what water I have been
able to state. Anderson Ct. is always dry by the middle
of May or 1st. of June. As of now I own the said
Property but in the next few weeks am selling the Ground
in Sec. 28 to Robert Schwenkfelder and we will continue
to use the water if it is anywhere. This year the
water ran about 5 days. We had to get by with what
I had left over.

P.S. Your map is to Far North to show
where the main Pumping Station is.

(We'll let you know when Schwenkfelder takes over)

Dear Craig L. Saxton

I witnessed Larry Boehm beneficial use of water from Anderson creek which is a Tributary to the Little Weiser River. I have lived in Indian Valley 57 years all my life and have ranch down stream from the Boehm Ranch. Roy Boehm his father used the water before Larry for many years also on the same ranch.
