NOTICE OF ERROR
REPLY

Please type or print clearly, fill out this form completely and mail.

Return this reply form to IDWR by the deadline date printed below if you want IDWR to change your recommendation or you want to let IDWR know that you agree with its recommendation.

YOUR DEADLINE FOR RETURNING A NOTICE OF ERROR REPLY IS: December 8, 2006

Water right number: 67-10336

DON DANIELS

1855 CHERRY GULCH RD

WEISER ID 83672

Telephone Number: (208) 642-4765

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

2. Describe the changes you wish to make in the proposed recommendation:

3. Give a brief explanation as to why you disagree with these portions:

X I AGREE with this proposed recommendation: no changes need to be made.

G. NARRATIVE/REMARKS/COMMENTS

Statutory claim 67-4515 was filed in August, 1983 for 17 acres irrigation and one well in the SENW listing a 1934 priority date. Permit 67-7635 was filed in June, 1983 for domestic use, 22 acres irrigation and two wells. The permit included the same well and acres listed on statutory claim 67-4515. SRBA claim 67-10336 was then filed in 1989 to replace both the permit and statutory claim. Claim 67-10336 reflects permit 67-7635, however, lists a 1934 priority date rather than a 1983 priority date.

IDWR conducted a partial field exam in 1988. The examiner confirmed beneficial use and measured one of the two wells used in the SENW S31. He then mis-identified the 2nd well in the NWNE S31, which is an older well ¼ mile away, not connected to the system. In April, 2005, SRBA staff confirmed the location of the 2nd well via GPS in the SENW, located just west of the measured well. Based on supporting documentation and field findings, SRBA staff recommended claim 67-10336 for two wells in the SENW S31, domestic use and 22 acres irrigation. As a result, Don Daniels relinquished permit 67-7635.

Please see SRBA recommendation memo dated 7/12/05 located in the permit file for additional information.

Have conditions of permit approval been met? ☐ Yes ☐ No

MEMORANDUM

Date: 7-12-05

To: File

From: Craig L. Saxton

RE: 67-10336; Conversation with Lori Graves about competing permit 67-7635.

SRBA claim 67-10336 was filed to replace two different filings 67-7635 and 67-4515.

67-4515 was for irrigation dating back to 1934 and permit 67-7635 was for domestic and irrigation with a 1983 priority date.

The claimant told Lori Graves that he will relinquish permit 67-7635 if SRBA claim 67-10336 was approved as 67-7635 is for the same irrigated POU as 67-10336 but had a 1983 priority date. And SRBA claim 67-4515 was apparently dropped because it didn't describe the domestic portion of his water use.

So, 67-10336 is the new claim. I spoke with Lori G as she spoke with Don Daniels about relinquishing permit 67-7635 if 67-10336 is recommended in the SRBA.

I had a couple of questions for Lori:

- 1) Roger Meyer's Field exam on 4-1-05 found 18 acres of irrigation. There were 4 more acres claimed and that looked irrigated in SWNW of S.31. She confirmed they were irrigated through conversation with Don Daniels and Licensing FE conducted by Quentin Nesbitt on 7-21-1988.
- 2) Roger Meyer noted the claimant had two wells and were interconnected into a common system. This was different than what Quentin Nesbitt's field exam indicated, so Lori Graves confirmed with Don Daniels that both wells are used and interconnected.
- 3) One POD was claimed in the SWNW, S.31 and the second claimed in SENW, S.31. But GPS points from Roger Meyers field exam show both POD's in the SENW. I looked at the area and it doesn't look like there are a lot of trees that would mess up the GPS point. Well log search found a well drilled in 1981 fro Bob Daniels in the NWNW of section 31. Based on Don Daniels affidavit that the second well was drilled in 1983, I assume that is the well he is talking about and the well log just had the wrong QQ section listed. I will recommend both wells in the SWNW of section 31 as Roger GPS points show

- 4) In an affidavit from Don Daniels, he states that a measurement was taken by IDWR personnel in 1988 and it was determined that Mr. Daniels was diverting 76 gpm. However, Quentin Nesbitt's field exam states that he measured 66.7 gpm. Either way, both these numbers are coming from measurement with only one well running. Roger Meyer's field exam indicates that 24 sprinklers are run with 35 psi. Averaging 5 gpm per sprinkler head;

$$(5 \text{ gpm})(24 \text{ heads})/(448 \text{ gpm}) = 0.28 \text{ cfs}$$

But, the well log shows diversion rate of 150 gpm, which is 0.33 cfs. This is still less than 1 inch per acre and will recommend a diversion rate of 0.33 cfs.

A67-10336

This claim is a combination of two beneficial use rights.

#1 Established in 1912 was used as domestic and some irrigation. The diversion for this right was transferred to the well in the SW, of the NW of sect. 31 in 1983. This well was drilled because of a loss of water in the Original well.

We claim the priority date of 4-1-1934 for both Irrig. and domes. uses even though the domestic use Pre-dates this.

Both Wells are part of one system. The 22 acres have always been irrigated since 1934

A water resources personnel measured the water flow in the late 80's at 76-gallon per minute -

J. Bae M. Daniels was present with this person.

Bob Daniels is 92 years old and has been on this piece of property the better part of his life.

CONVERSATIONAL MEMORANDUM

Date: April 1, 2005

To: File

From: Craig L. Saxton

Subject: 67-10366 – Call from Don Daniels

Mr. Daniels called me at 8:30 am 4-1-05 and told me that Roger Meyer called him to set up an appointment to conduct a field exam concerning SRBA claim 67-10366. Mr. Daniels had questions about what information Roger would be looking for, why the field exam was being conducted, and what about his other water rights.

I explained to Mr. Daniels that this claim had not been verified by the department and that is what Roger was out there to do.

Mr. Daniels said that he had the capacity of the pump measured and knows exactly the system capacity. I asked him to give a copy of that information to Roger.

We also discussed evidence of priority and what we needed from him. We also discussed why the claim alone isn't evidence of priority. Mr. Daniels said his father was alive and he could write an affidavit and have his father sign it and give it to Roger when he was out there conducting the field exam.

Lastly, Mr. Daniels wanted to know about the status of his other water rights. Here is the summary of what I found and this information was conveyed to him over the phone:

67-10336	-	Roger is conducting a FE 4-1-05 at 10:00 am
67-10330	-	Partially Decreed
67-10331	-	Partially Decreed
67-10333	-	Partially Decreed
67-10334	-	Partially Decreed
67-10335	-	Partially Decreed
67-14226	-	Recommended, but not PD'd yet
67-14227	-	Recommended, but not PD'd yet

Notices of Claim No. #A67-10330, A67-10331, A67-10332,
A67-10333, A67-10334, A67-10335 & A67-10336

Dear New Property Owner:

A legal notice mailed recently by IDWR was returned to us by the Post Office. The notice was mailed to an apparent former owner at your address who has or had this property or others in the area.

Before we can modify our records to reflect your new ownership of the property and water rights referenced above, we need Form 42-248/42-1409(6) completed and returned. We have enclosed this form for your use.

Please contact this office at 208/327-7862 or call us toll-free at 800/451-4129 if you have any questions.

Sincerely,

Idaho Department of Water Resources
Adjudication Bureau

SO:ss:region

Enclosure:

Form 42-248/42-1409(6)

9-12-96

Quanita Parker, owner of property at 748 Pringle Rd, phoned to let us know that they have owned property at this address since 1975. After verifying legal for this address and property for which the claims are filed, ~~the~~ they are in different Twp., Rge, Sec., so have nothing to do with Pringle Rd. property.

K.D.
