Subject: Well Water Adjudication Rights

Case #: 59576

Ident Number: 87-7149

Topic: Original placement was not in the correct point of diversion.

Attn: Linda Werner

Dear Idaho Department of Water Resources

Back in 1983, my father licensed a Well that is actually located in the NW NE Lot 2 of Section 1 in Township 37N Range 05W. This was incorrectly licensed in the NE NE Lot 1. This letter is to serve as a correction to that placement and to insure the proper documentation places it in NW NE Lot 2.

If you see by the Attached Photo Copy for the 1983 Well, I circled its location, and where the approximate line division is between NWNE Lot 2 and NENE Lot 1. It would be my guess that back in 1983 they did not realize the exact location and placed it then in the incorrect Lot at that time. As you can see it is clearly west of the division line between the two lots placing it in NWNE 2

PS: I am also including a Photo of the Legacy Home/Farm Well that was done in 1948. This well serves the House Domestic water use and some stock water at the Barn. I have circled the placement of that Well and as it is also in the same section as the 1983 Well of NE NE Lot 2.

Sincerely

Todd Jenkins
