SUBJECT: Palouse River Basin Adjudication (PRBA) Claim No. 87-10586

**RESPONSE DEADLINE
DUE: DECEMBER 4, 2020**

Dear claimants,

Idaho Department of Water Resources (IDWR) has received your water right adjudication claim number 87-10586. After reviewing your claim, there are two things I want to bring to your attention:

1. Date of Priority: The information I have available from Department resources for 87-4020 does not contain photographic evidence of the year the pond was dug. You claimed a priority date of 12/31/1964 based on photographic evidence related to 87-4020. To confirm this priority date, please provide a copy of the photographic evidence or additional evidence to support this date.
2. Address: I mailed a previous letter to PO Box 383, Pullman WA 99163, which is the address on file with the Department. This letter was returned with the forwarding address I am mailing to. I attached a Change in Address form. Please complete this form and return it to the Department.

Examples of additional evidence include records that show the original year built date available from the county assessor, the residential property record, written and signed statements by someone who has first-hand knowledge of the property, occupancy records, dated photos, etc.

I called on 9/10/2020 but was not able to leave a voicemail because the voicemail box has not been set up. If you would like to contact me, my telephone number is (208) 762-2810 and my email is christopher.holmes@idwr.idaho.gov. If I do not hear from you or receive additional evidence by the response deadline, your claim will be recommended with a 1981 priority date.

Sincerely,

Christopher Holmes
Water Resource Agent
