RE: In-stream stockwater right 55-13846

Dear Mr. Lowry,

After our meeting on November 15th, I went over my notes and I think we missed addressing one water right that describes a portion of the place of use on Tim Lequerica's property. The water right I am referring to is 55-13846. A portion of 55-13846 falls on Tim Lequerica's property in T9S, R5W, Section 2, Lot 1(NENE). I have enclosed a map.

On the enclosed map, you will see that both 55-10292A and 55-13846 list part of the place of use in T9S, R5W, Section 2, Lot 1(NENE). During our meeting, you decided you wanted to file a transfer to move the portion of 55-10292A that is on Mr. Lequerica's property to a new location. However, we didn't discuss what should be done with 55-13846.

From our conversation yesterday, it appeared that the BLM and State of Idaho quarter quarters that didn't have water rights will be covered when you file a transfer to modify 55-10292A. If this is the case, I think you could abandon that portion of 55-13846 in T9S, R5W, Section 2, Lot 1(NENE), without creating any issues.

I have enclosed a notice of abandonment form to remove use in the T9S, R5W, Section 2, Lot 1(NENE) from 55-13846. This is just one option. If this is not what you want to do, we could discuss trying to file a transfer to modify the place of use for 55-13846 like we discussed with some of your other rights.

Take a look and call if you have questions.

Respectfully,
