RE: Errors on Claim number 87-11410

Dear Mr. & Mrs. Hansen:

The Idaho Department of Water Resources (IDWR) is in the process of reviewing claims filed in the Palouse River Basin Adjudication. While reviewing your claim, we identified errors as listed below:

- The claim combined multiple sources for different systems on a single claim form. Specifically, (1) Domestic use from groundwater for your home and (2) In-stream surface water for Stockwater use. Different water sources reflect separate water rights and need to be submitted as separate claims.
- The Points of Diversion and Places of Use identified legal descriptions outside Parcel number RP42N03W357965, located at 4601 Highway 6, Harvard, Idaho 83834. This was possibly caused by drawing lines outside your property boundary, using the on-line mapping application.

I called phone number (208) 975-0137 and left messages on August 8, 2020 and October 20, 2020, requesting a return call so I could explain the discrepancies. In order to move forward and process part of your claim, I have used Claim 87-11410 to recommend your domestic home use. For your convenience, I've included a copy of your original claim, along with our preliminary recommendation, to make it easier to understand. This claim is covered under the \$25.00 claim fee which you already paid.

In order to claim the Stockwater for In-stream use, you will need to submit a second claim. I have completed the claim form with the required information, including a map showing the beginning and ending points, and the place of use. If you wish to claim the additional stockwater, you will need to review the claim, sign and return to IDWR with a check for \$25.00. Or, you could submit the claim on-line at www.idwr.idaho.gov, using the same login information you used to submit 87-11410. (The late fee indicated on our website does not apply to this Stockwater claim). If you elect to not pursue the Stockwater claim, you don't need to do anything.

If you have any questions, please feel free to contact me at (208) 287-4872.

Sincerely,

Glen Gardiner – Analyst 3
