RE: Palouse River Basin Adjudication (PRBA) Claim 87-10045

Dear Claimant,

The Idaho Department of Water Resources has received your Palouse River Basin Adjudication (PRBA) Notice of Claim to a Water Right. Through the review of your claim, a possible error was discovered that we would like to provide you the opportunity to fix before the claim is recommended to the Court.

The Notice of Claim to a Water Right identified with the number shown above has been filed for the use of groundwater for commercial, stockwater, and irrigation purposes, based on Water Right License No. 87-10045. When this claim was filed online, the Total Quantity Appropriated (Sec. 7) did not include a total of all the uses under the license, 0.04 CFS/3 AFA claimed rather than 0.09 CFS/7.2 AFA licensed.

Before the water right claim for this license can be recommended to its full extent, an Amended Notice of Claim to a Water Right form with the corrected total quantity must be submitted. For your convenience, I am sending you an Amended PRBA Notice of Claim to a Water Right for Claim No. 87-10045 which includes the corrected total quantity from the active license (highlighted). Please review the claim form to ensure your agreement with the changes made before signing the claim. After your review, return the signed claim form to our office at the address listed above **within 30 days of receiving this letter**.

Please do not hesitate to contact me if you have any questions. I can be reached by phone during business hours at 208-762-2815 or by email at evan.roda@idwr.idaho.gov.

Best Regards,

Evan W. Roda
