Remarks:

IDAHO DEPARTMENT OF WATER RESOURCES

Adjudication Recommendation Report 67-10590 V1

Comments:

1. dnarsavage 9/1/2005 Priority Date

Comment: The Mann Creek Decree specifically excludes this parcel from the POU's in the area. In 67-632, it says that this water may be used on portions of 12N 5W Sec19 NWNW "except that certain part or portion of said land described as follows, to wit:" Then the decree describes the same metes and bounds as in the warranty deed of the cemetery included in the file. It is clear that the parcel was separate and not part of someones field in 1921. However with the 1902 warranty deed, I can assume that the establishment of the cemetery would include watering the grounds and so support a priority date one day after the decree.

2. dnarsavage 9/1/2005 POU

Comment: The POU claimed is on the west side of Mann Creek and it is unreasonable to assume that it is serviceable by the Joslin Ditch as claimed. Assuming that the claimant knew the ditch by which the land was irrigated, and also given the parcel owned by Mann Creek Cemetery, exactly the same size as the POU claimed, and exactly one township north or the claimed POU, I moved the POU in the recommendation.
