PRELIMINARY RECOMMENDATION OF WATER RIGHTS ACQUIRED UNDER STATE LAW

RIGHT NUMBER: 67-10971

DISALLOWED: No lawful appropriation shown.

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM -

No lawful appropriation shown: There are a number of circumstances in which a claim is proposed to be disallowed on this basis. This is most commonly included for a claim based on beneficial use or posted notice that is proposed to be disallowed because the right claimed is not within an exception to the mandatory permit statute, and beneficial use of water prior to the mandatory permit statute was not confirmed. This is also included where a claim is proposed to be disallowed because the claim is to water that is not public water subject to appropriation. This is also included where a right was determined not to exist in a prior adjudication.

Re: Snake River Basin Adjudication SRBA
Washington County, A67-10971, A03-07034

Dear Claimants:

The claims of the City have been received, and we are enclosing Receipt #C012377 in the amount of \$151.30 for the filing fees. However, the fees submitted were insufficient. Seventy-one dollars (\$71.00) of the amount you sent was applied to the water right for the airport well (A67-10971). The balance due for the river water right (A03-07039) is \$49.70.

Please remit \$49.70 to this office to the attention of the adjudication bureau before December 21, 1989, to avoid any late filing fee. Do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

Donald V. Shaff
Manager, Adjudication Section
