CLAIMANT'S NAME: Robertson Sevey Ditch Co. DATE: 11-9-89EMPLOYEE: Carter Fritschle

RE: The land list for these claims is based on what was on record for water Right 67-04114. Mrs. Nichols stated that the Robertson Sevey Ditch Co. would probably pay the \$1<sup>00</sup> per acre variable fee for all of the lands irrigated with water delivered through the Robertson Sevey Ditch. Therefore, an amended claim with a modified land list will be needed when all of the individual water users have filed their claims. The map attached to each claim is only an approximation of the location of the irrigated lands. A better map should be forthcoming.

said water, impounded as aforesaid, is intended by the said Orchards Water Company to substitute, at the mouth of the said Middle Fork, for and to take the place of water diverted from the Middle Fork by said Orchards Water Company, which prior appropriators below the mouth of the said Middle Fork are entitled to during the low water period.

XX.

Your Referee further finds and reports, that there is yet a large amount of work to do in adjusting the costs of this proceeding and checking entry of defaults, so that it will be impossible to report final findings and decree before the 1st of September next, and for that reason it is necessary and in the interest of justice, and the plaintiffs and defendants in this cause, that a temporary decree should be forthwith entered herein, thereby putting the aforesaid allotments into effect during the present season.

I further report that, from the evidence taken at Weiser on August 3d, as aforesaid, it appeared that the Weiser Irrigation District was receiving on August 1st, 1917, only 2,087 inches, and other ditches along the main Weiser river, the following amounts:

|                                     |       |        |
|-------------------------------------|-------|--------|

| Grooms, Addington, West Fork ditch, | 103   | "      |

It further appeared from said evidence that the Orchards Water Company was and is delivering, or attempting to deliver, storage water from the Lost Creek Reservoir, at the mouth of <sup>Lost</sup> ~~Fall~~ Creek, but that
