To: File 67-45, 67-70, 67-72, 67-375C, 67-376, 67-2117, 67-11304C

From: Craig L. Saxton

Subject: Phone Call – Shumway

I called Steve Shumway and he wasn't available, but was able to speak with his son, Dan I think.

Dan met with Monica VanBussum and David Tuthill at the B67 water district meeting on February 6, 2006. I had given Monica a packet of amended claims and a letter to give to the Shumway's.

I called as a follow-up on March 1, 2006 to inquire if they were going to send in the amended claims. I discussed several subjects with Dan.

67-70, 67-72, and 67-376:

I asked Dan if he was going to send in the amended claims that I asked Monica to drop off with him. He said he did not have them. Monica did give them to him so they could have been lost in the shuffle. I will send claimant a third and final copy. I told him I need them signed and returned to recommend their water rights.

67-45:

I asked again if they felt that this was their water right as it is claimed on someone else's land. I have not been given a solid answer. They have not returned the amended claim I sent them. I will recommend this as decreed, not on Shumway's property.

67-375C and 67-11304C:

Again we discussed how Shumway feels they should have a larger portion of the split as McAlvain (67-375B & 67-11304B in the name of Fruitvale) doesn't have right to the water according to Shumway. I told Dan that I needed something to support that. He said he will talk to his dad, Steve.

67-2117:

I told him that this was based on a license and I didn't see any problems recommending it.

Remarks:Comments:

1. csaxton 11/16/2005 Exchange

Comment: This is claimed as an exchange. Water decreed from Fort Hall Creek is injected into the Weiser River simply by not diverting from Fort Hall Creek, and is taken from the Weiser River through the Farmers canal as an exchange. This practice can only take place when there is sufficient water in Fort Hall Creek to fill the priority of this right.

2. csaxton 11/17/2005 POU

Comment: I cannot determine where the recommended acres fall within the POU boundary defined in SDE. My guidance is to recommend the acreage that can be irrigated by the diversion rate at 5/8 inches per acre in the claimed POU legal description. It appears that more acres are irrigated. The claimant may need to file another claim to better describe the irrigated POU.

3. csaxton 11/17/2005 Copied From claim

Comment: THIS CLAIM IS BASED ON A COMBINATION OF WATER RIGHTS 67-00372 AND 67-00374. 67-00372 = 0.08 CFS AND 67-00374 = 0.12 CFS | THIS WATER RIGHT IS DECREED FROM FORT HALL CREEK, HOWEVER IT IS DELIVERED THROUGH THE FARMERS CANAL. FORT HALL CREEK WATER IS EXCHANGED FOR WEISER RIVER WATER.

Description for Question 8 - Water decreed from Fort Hall Creek is injected into the Weiser River simply by not diverting from Fort Hall Creek, and is taken from the Weiser River through the Farmers canal as an exchange. The exchange allowed different lands to be irrigated with this water. This change supported by the water master records. Description for Question 13 - I cannot determine where the recommended acres fall within the POU boundary defined in SDE. My guidance is to recommend the acreage that can be irrigated by the diversion rate at 5/8 inches per acre in the claimed POU legal description. It appears that more acres are irrigated. The claimant may need to file another claim to better describe the irrigated POU.

Dear Claimants:

We have received and processed a Change of Ownership for a portion of the original claims to water rights as referenced above. This change of ownership required a split of the original claims resulting in renumbering the claims by adding alpha-suffixes to represent each split. The new notice of claims to water rights, for your portion, are referenced above and copies are enclosed.

Your portion of the claims have a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use or point of diversion under these rights, including adding a new point of diversion, then an Application for Transfer on your portion of these rights is required. Please contact this office for further information on the application for transfer form. If you do not plan on changing any items on your claims, then no further action is required at this time. You will be notified of any future action taken on these claims.

If you have any questions concerning this letter or the enclosed claims, please feel free to contact this office.

Sincerely,
