RE: Investigation of Snake River Basin Adjudication (SRBA) claim **67-11414**

Dear Claimant(s):

As you may be aware, the Idaho Department of Water Resources (IDWR) is currently in the process of reviewing Snake River Basin Adjudication (SRBA) claims in the Weiser River Basin (Basin 67). My initial investigation found several issues regarding claim 67-11414 that need addressed.

1) Our initial investigation indicates that you are now owner of the property that this claim is applicable to. According to our records, the property to which I am referring to was most recently owned by High Desert Ranch Inc. The legal description is as follows:

T14N R01W S11 SW1/4 SW1/4

We recommend that if, in fact, you now own the property in question, and do use the water for the purposes claimed, you file a "Change in Ownership" (enclosed) with this department in order that we may send all further correspondence to the appropriate owner(s).

If you do not own the property applicable to this water right claim, you may disregard the remainder of this letter.

2) If this claim is applicable to your property, then you will need to submit evidence of priority. This claim is based on beneficial use. A claim based on beneficial use is a claim to a water right that has been established through historical use but has never been verified by IDWR. In order to make a recommendation on this claim, IDWR needs to verify the elements of the water right.

One of these elements is the priority date. Claim 67-11414 claims a priority date of 3-15-1935. Please submit evidence supporting that the water claimed was put to beneficial use to the extent claimed on or as close to that date that can be supported. For your convenience, I am enclosing an Evidence of Priority pamphlet that lists what type of information that can be used as evidence of priority. Please submit the requested Evidence of Priority by **October 25, 2006**.

Please feel free to contact me if you have any questions.

Respectfully submitted,

Craig L. Saxton
