Attention: Dave Tuthill
P.O. Box 83720
Boise, ID 83720

Dear Mr. Tuthill:

East For Ditch Company, per water right #67-11416, the amount needs changed to 16 cfs with a priority date of May 01, 1948.

The flood water in this claim is used to irrigate the same acres at #67-11413 before the ditch from East Fork Weiser River can be used. The total of both does not exceed 16.06 cfs.

The 1948 date is attested by Donald Harvey; see enclosed affidavit, and we will assume the beginning of irrigating season, May 01, is used.

Any questions please give me a call at the above number or my cel (208)630-3481.

Sincerely,

Kenneth Ward
Director, East Fork Ditch

May 18, 2005

I, Donald E Harvey attest that
in 1948 my mother Lillian Harvey
bought 80 acres in sec. 35 R1W. 17N.
With this parcel was 25 shares of
East Fork ditch water which my
brother and I ~~used~~ applied.

We also helped irrigate land ~~in~~
~~sec. 35~~ ~~owned by~~ with E.F. water
that was owned by William Spahr.

The water we applied, ~~was~~ before
the East Fork was turned, on was
diverted from mill creek. To my
knowledge early irrigation (before E.F.
ditch was ~~turned~~ turned on) was done
with millcreek and Camp cr. water
from day one until the present.

Subject: East Fork Ditch Claims

Hi Jan I assume you are now ahead of schedule and under buget, ha ha. Anyway, I was in Council for a meeting and field trip on July 12 for the hydropower application of a proposed powerplant using the East Fork Ditch. I was checking the Adj. claims for the **East Fork Ditch, 67-11413, and 67-11416(flood flows)** in relation to this power project, and noticed that the place of use showed no lands north of the Mill Creek road in Township 17N. The ditch company serves lands in 17N, so checked with them and we noticed an error in the place of use for these two claims.

The place of use for both claims should have the lands in Sections 25, 26, 34, 35, & 36 as being in T17N, R1W, not in T16N, R1W as shown on the claim in the data base. The other lands(Sections 1, 2, 3, 10, 11, 14, & 15) shown for T16N are correct.

Ken Ward with the ditch company checked this and called me today to verify the place of use. He also said that the 1990 mailing you did was correct, so it looks like someone failed to show T17N for these sections in the data base. Ken also said he thought the flow rate should be 16.78 cfs, but wasn't sure about that. He can be reached at his home in Council, at 253-6080 if you need to check with him.

I told him we would correct the data base and then the flow issue and anything else would be reviewed when you do the basin in 2003/2004.

Have a good day! Dan

Claims have been changed to show correct Township.
