Conditions of Approval:

1. E56 The rights listed below are limited to the irrigation of a combined total of 60.0 acres in a single irrigation season. Combined Right Nos.: 67-11492 & 67-14579
2. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
3. Use of this right is combined with water from East Fork Ditch Co LTD.
4. K06 This right is limited to the irrigation of 30.0 acres within the place of use described above in a single irrigation season.

Remarks:

IDAHO DEPARTMENT OF WATER RESOURCES
Adjudication Recommendation Report 67-11492 V1

Comments:

1. csaxton 10/17/2006 Flood Water

Comment: This water is diverted from the source early in the season, prior to East Fork Ditch Co turning water into the ditch. Once East Fork Ditch turns water into Grossen Creek, this right is no longer being served as the water is company water diverted from a different source.

2. csaxton 10/17/2006 POU

Comment: This claim is for 30 acres. 49 acres were found probably because part of the ground is irrigated with East Fork Ditch Co water. Since I can not determine what 30 acres out of the 49 acres is irrigated, recommend a PPU.

3. csaxton 10/17/2006 From Claim (1)

Comment: ADDRESS CHANGED BY LH 3/4/96.

4. csaxton 10/17/2006 From Claim (2)

Comment: THIS CLAIM IS FOR FLOOD WATER USED PRIMARILY BEFORE THE SORENSON- RINEHART DITCH CO. BEGINS DIVERTING WATER FROM THE NORTH FORK OF COTTONWOOD CREEK INTO GROSSEN CREEK IN THE SPRING. HOWEVER, IF FLOODWATER IS STILL AVAILABLE AFTER THE DITCH COMPANY BEGINS DIVERTING, THEN GROSSEN CREEK WATER IS USED IN ADDITION TO THE DITCH COMPANY WATER

5. csaxton 10/17/2006 Quantity

Comment: Since this right is diverted through the same system that East Fork Ditch Co uses, and we know that both company water and private floodwater rights cannot be delivered at the same time, if the pod can divert company water, it has the capacity to divert the private water claimed.

Craig or Mon-

See all notes. These claims ~~are~~ were all filed by Merrell Childers ~~at~~ originally, but now some are owned by Ken Ward, son-in-law. He farms all of this land. He said that all info re: current ownership is correct and that some should indeed still be in the Childers' names, but Taxlot data shows Ken owns all the land...?

See 67-11492. May need amended POU, or accomplished transfer.

Ken is very nice, helpful, if you need to call him or have me talk w/ him again re: any of the above issues.

Thanks!

In reference to the above water right; since 1961, I have worked on the property where the ditches were in place and being used to irrigate the property. The water was being used from Grossen Creek before the Sorenson Rinehart ditch was turned on and to supplement Sorenson Rinehart ditch water early in the season.

SECTION ENE 9.0 acres should not be included - this is land owned & irrigated by Ken Ward from another right. He outlined land he thought should be/was covered by this right - see the view file 67-11492. The NWNE is also covered by 67-14579, but almost all of the SENE is covered by this water, according to Ken. May need to amend claim. He says it has been this way as long as he can remember, could also call Arrell Childers, ask why he filed the way he did =

This was occasionally watered by wheel line but no longer done - does not ever plan to use anything but gravity. Sands like wheel line water ceased prior to 1987.

SUBJECT

Extension of time

MICROFILMED

OCT 05 1992

No extension of time is req'd for this claim because the Childs water rts. for the Jounson Rinehart Ditch Co. were submitted timely & the idea of filing on these flood water rts. from Grosvenor & Cool Creek came up during the review of the Jounson Rinehart Ditch Co. claims. This was submitted within 30 days of the conversation with the ditch Co.
